Re: Account of Sam C. McKenzie
S.W. 13-56-15-W5

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 and 1917 seed grain and relief amounting to $122.00 were advanced to Sam C. McKenzie on the security of the above mentioned land. A payment of $10.00 was received in 1919 and applied to the interest. The present standing of this account is:-

Principal	Interest	Total
$ 122.00	$ 207.24	$ 329.24

Patent was issued in the name of Sam C. McKenzie for the S.W. 13-56-15-W5 on the 22nd of May 1918 subject to the 1915 and 1917 liens.

In 1928 the land became subject to foreclosure proceedings for nonpayment of arrears of taxes and title is now vested in the Crown in the right of the Province.

In reply to our questionaire of the 13th of February, 1952, V.A. Wood, Director of Lands, Department of Lands and Forests, Province of Alberta, wrote as follows:-

"The above described land is tax recovery, and is located outside the homestead lease area.

This land is vacant, and it is unlikely that it will be again used for farming purposes."

As the land no longer offers any security of value and is such that it cannot be used for farming purposes, it is recommended that the indebtedness be cancelled and the liens discharged.

1. That the indebtedness, which is more particularly described in the attached report, be cancelled without the requirement of any payment and the liens discharged.

Sec. 29-9-17-W.4th Mer.
Taber Irrigation District,
School Lands File 308608.

I beg to inform you that authority has been granted to have a selection made of Dominion Lands of equal value for the School Endowment in lieu of the available portion of the section above described in order that the same may be included in the Taber Irrigation District.

Legal Sub-division 16 of this section is included in a petroleum lease and no portion of this legal subdivision will be surrendered from the School Endowment. The area available for surrender, exclusive of legal subdivision 16 is 573.56 acres.

Please issue the necessary instructions to your Inspector to whom you give the work, pointing out to him that the land selected must be in the Province of Alberta; that it must be equal in value to the land relinquished and also that it is not considered in the best interest of settlement to select more than two full sections on this account in any one township.

In order to be in a position to select land of equal value in lieu of that relinquished it will be necessary for the Inspector to visit the land above described and furnish a report and valuation thereon for the information of the Department. He will then be in a position to select other land of equal value and he should furnish a full report on the parcel selected stating value and character etc. This selection should be expedited as much as possible. Upon receipt by you of advice from the inspector that he has made a selection the necessary note should be made in your records reserving th land so selected, provided you are aware of no reason to the contrary. You should then forward the Inspector's report to Head Office with a covering letter indicating what action you have taken as to reserving the land. You should also inform the Sub-Agent for the district in which the selection is made in order that he may make the necessary note in his records.

Every report whether relating to School Lands or the selection in lieu should be marked at the top "Attention General Check of Records, Dominion Lands Branch."

You should send here copies of any letters of instructions you issue to the Inspector mentioning Head Office file #5019812 and such copies should also be marked "Attention General Check of Records, Dominion Lands Branch.

MEMORANDUM:

Mr. McCann,
Timber & Grazing Lds. Branch.

Sec. 31 & N.W. 32-2-17, W.4th M.

This land has been selected by the Western staff for the School Endowment to replace School Land (Section 29-9-17, W.4th M.) required for the Taber Irrigation District.

When reporting this selection, the Agent stated that the land was covered by grazing applications from Messrs. I.F. Rowland, and James E. and William G. Meeks, and a report from your Branch dated the 3rd instant confirms the Agent's report that there are grazing applications.

In view of the fact that the land has been selected for the School Endowment, please inform me whether the applications for grazing lease will be cancelled in order that the land may be included in the School Endowment. If such applications are not cancelled it will be necessary for our Inspectors to look around for some other land for the Endowment that is vacant and available.

The Inspector submits one grouped report on the five qu rters selected. Is this satisfactory to your Branch?

Timber and Grazing Lands Branch reports that the land selected is covered by conflicting grazing applications by Messrs. James E. and William G. Meeks and Mr. I. F. Rowland, but that should it be decided to include the land in the School Endowment there would be no objection on the part of that Branch to the cancellation of such grazing applic tions in so far as these lands are concerned.

The land is clear in the records of all the other Br nches of the Department and they would appear to be av ilable for the School Endowment.

There are no improvements on the land selected and there are no seed grain or relief charges registered ag inst it.

If the selection is satisf ctory, please advise Timber and Gr zing Lands Branch promptly in order that steps may be taken there to cancel the grazing applications above referred to in regard to these lands.

A copy of this memorandum is being sent to that Branch for its information.

Attached hereto are copies of reports made by the Inspector on the School land nd the land selected.

Memorandum.

Mr. Hume, - Deputy Commissioner
of Dominion Lands

Re Sec. 29 - 9 - 17 W.4th Mer.
Taber Irrigation District,
(Your file #501912)

Referring to Mr. Scott's memorandum of the 14th January last in regard to relinquishment of the above mentioned Section which it is intended to include in the Taber Irrigation District, and advising of the selection of Section 31 and the North West quarter of Section 32, Township 2, Range 17, West of the 4th Meridian in lieu thereof, I prepared a memorandum to Council under date of the 20th April last, requesting authority to make the exchange.

I am now advised, however, by the Commissioner of Dominion Lands that the lands selected, namely, Section 31 and the North West quarter of Section 32, Township 2, Range 17, West of the 4th Meridian comprise a part of a block of lands covered by conflicting applications to lease for grazing purposes, and that under the circumstances it is not considered advisable to withdraw the same for the purpose of the Endowment Fund, and that in view of this fact the Agent might be instructed to select other lands in lieu and to note that the lands released are not to be disposed of until a decision has been given with respect to the conflicting applications for the grazing rights.

Would you, therefore, be good enough to advise the Agent to this effect and request him to have a further seledtion made from available Dominion Lands of an area sufficient to compensate the School Lands Endowment Fund for the relinquishment of said Section 29?

I beg to refer you to Departmental letter sent you on the 25th January, 1926, regarding the selection for the School Endowment of available Dominion Lands of equal value to replace the section above described which is included in the Taber Irrigation District.

Section 31 and the N.W.¼ 32-2-17, W.4th Meridian were selected for the Endowment but it is now ascertained that such land consists of part of a block of land covered by conflicting applications to lease for grazing purposes and, under the circumstances, it has been decided not to use this land for the purposes of School Endowment.

It will, therefore, be necessary for you to instruct the Inspector to select some other available Dominion Lands of equal value for the School Endowment. Kindly issue the necessary instructions and endeavour to have a selection completed as soon as possible.

The School Land withdrawn from the Endowment in this case has already been valued. You, no doubt, have the information in your office.

Your Ref. #4993716

Referring to your letters of the 4th and 22nd June, 13th and 27th July advising that it was the intention to surrender the above School Lands to the Tabor Irrigation District and to the Lethbridge Northern Irrigation District and requesting reports be made regarding the value of these lands and the selection of other vacant Dominion Lands for the School Land Endowment in lieu thereof, I beg to advise you that you have already been furnished with Inspector Wilcox' reports in which he valued the above lands as follows:

LAND	VALUE PER ACRE	AREA	AMOUNT
Pt. N.E. 29-9-17 W4th Mer.	$10.00	120 acres	$1200.00
N.W. 29-9-17 W4th Mer.	12.00	160 "	1920.00

S.W. 13-11-20 W4th Mer.	12.00	160 "	1920.00
		Total	$11559.36

As Inspector Wilcox found it impossible in this district to select vacant Dominion Lands of equal value quarter for quarter he has made the following selection and these lands have been marked reserved for selection for the School Lands Endowment in the records of this office pending your further instructions:

Lethbridge Northern Irrigation
District.

The S.W.¼-11--10--24-W.4th Meridian was also in the Lethbridge Northern Irrigation District but the selection in lieu thereof has been completed.

It would appear from the Agent's letter of the 26th October, 1927, that he is dealing with these two selections together.

Reports on all the School Lands have been received.

The Agent submits lands in lieu. Of these lands there is fencing on three quarters, the N.½ and S.W.¼-1-8--26-W.4th M. and these three parcels are being turned back and the Agent is being instructed to make them available.

Reports on the balance of the quarters selected make no mention of improvements and the Agent is being asked to obtain supplementary information in this regard - - also to select additional land for the Endowment in lieu of the three quarters of Section 1--8--26-W.4th M. which are being turned back.

According to the Commissioner's telegram to the Agent of the 5th October, 1927, the selection in connection with the Taber Irrigation District should be expedited.

The Department desires that this matter be expedited in every way possible. In this connection see the telegram sent you by the Commissioner of Dominion Lands on the 5th ultimo.

Secretary.

I beg to acknowledge receipt of your letter of the 26th ultimo in regard to the selection for the School Endowment of available Dominion Land in lieu of that above described.

Reports have been received on all the School Land referred to above.

In regard to the land selected in lieu I may say that the N.½ and S.W.¼-1--8--26-W.4th Meridian is not suitable as there are improvements thereon and you are hereby instructed to cancel the reservation in favour of the School Endowment and post the land for ordinary settlement in the usual manner provided you are aware of no reason to the contrary. In this connection please see the instructions sent you on the 16th ultimo.

The reports on the balance of the land selected for the Endowment contain no information in regard to improvements but it is assumed from your letter that you are having the Inspector furnish supplementary information in this regard.

It will also be necessary for you to select other vacant and available Dominion Land for the Endowment in lieu of and of the same value as the N.½ and S.W.¼-1--8--26-W.4th Meridian which is not considered suitable.

I beg to acknowledge receipt of your letter of the 8th instant regarding the selection for the School Endowment of available Dominion Land to replace the land above described, and in reply may say that the one report by Inspector Wilcox on the

N.E.¼-18--3--10-W.4th M.

Please instruct him to furnish individual supplementary reports on each of the three quarters setting out the character of the land, value and whether there are any improvements thereon.

The School land included in the Drainage Schemes would appear from the reports thereon to be worth $11,552.77.

Up to date and not including the recent selection of three quarter-sections, the following lands have been selected on this account:-

Mr. Pereira,
Timber and Grazing Br.

S.W. 35-9-10-W.4th Mer.

I beg to inform you the Agent of Dominion Lands, Lethbridge, selected this quarter-section for the School Endowment to replace School Land which has been withdrawn from the Endowment for the Taber Irrigation District and the Lethbridge Northern Irrigation District. Upon asking the various Branches for the standing of the land it was found that a timber application was registered against it.

Under the circumstances and in view of the purpose for which the land is required, kindly inform me whether the grazing application may be cancelled.

Dominion Lands Branch.

The land selected for the Endowment to replace the land in the Irrigation Schemes is as follows:-

Land	Area	Value per acre	Value per parcel.
S.W.¼-14--4--12-W.4th M.	160	$8.00	$1280.00

N.W.¼-25- 4-11-W.4th M.	160	5.00	800.00
		7.00	1120.00
		Total value -	$11,550.00

You will observe that the School Land is worth $11,552.77 and that the land selected to replace it has been valued at $11,550.00.

The land selected is vacant in the records of the Department. There are no seed grain or relief charges registered against it.

According to the Inspector's reports there are no improvements on the lands selected, excepting that in the case of the N.W.¼-25-4-11-W.4th Meridian, the Inspector fails to make any mention of improvements. I think possibly this omission might be overlooked, as the former entrant in a declaration of abandonment dated the 15th June, 1927, stated that there are no improvements on the land.

Attached hereto are copies of the reports made by the Inspector.

It is noted that the Commissioner's office issued instructions on the 2nd instant to have this matter expedited.

Kindly inform me whether the selection is satisfactory in order that a note of the matter may be made on the Head Office files relating to the land in question.

The land selected by the Agent at Lethbridge is worth $26,704.50, leaving a balance of land to be selected to the value of $30,172.71 and on the 5th instant the Agent was instructed by wire to expedite a further selection as much as possible.

The land already selected is vacant in the records of the Department according to a report from Land Patents Branch.

There are no seed grain charges registered against it.

There are no improvements thereon with the exception of the S.E.¼-8-14-4-W.4th Meridian. The Inspector reports one mile wire fencing worth $30.00 on this quarter-section but as the land has never been held under entry or included in a Ranch it is possible that the fencing may be a line fence and erected by the holder of adjoining land. Under the circumstances, there would appear to be no objection to the land being included in the School Endowment.

Kindly inform me whether the land selected up to date is satisfactory and will be accepted for the Endowment.

Department of the Interior

DOMINION LANDS ADMINISTRATION

Copy to - Mr. Rollins,
School Lands Branch.

14th January, 1929.

Sir,

I beg to acknowledge receipt of your letters of the 14th and 17th ultimo, your reference 88170, regarding the selection for the School Endowment of available Dominion Land in lieu of certain School Land required for the Taber Irrigation District.

The lands described in your two letters appear to be available with the exception of:-

S.W.¼-7--7--7-W.4th M.	valued at	$480.00
N.W.¼-32-6--7-W.4th M.	" "	415.00
S.E.¼-22-5--8-W.4th M.	" "	480.00
N.E.¼-19--3-7-W.4th M.		480.00

These four quarter-sections are not available for the School Endowment owing to the fact that there are seed grain and relief charges registered against them. You are, no doubt, aware that land of this class is not acceptable for the School Endowment and you are hereby instructed to post it for ordinary settlement in the usual manner provided you are aware of no reason to the contrary. When posting the land you should notify all parties interested as to the exact date upon which it will become available.

In connection with this exchange, the present standing is that the School Land is worth $56,877.21 and the available land selected for the Endowment to date is worth $55,061.09. Therefore, it is still necessary for you to secure for the Endowment in this connection available Dominion Land to the value of $1,816.12.

Please see that this matter is attended to as soon as possible. You have already been informed that the Department is most anxious to have this matter concluded without delay.

Your obedient servant,

Acting Commissioner of Dominion Lands.

The Agent of Dominion Lands,
Lethbridge,
Alberta.

N.E. ¼-20--13-4-W.4th	160	5.00	800.00
		Total	$28,356.59

This additional land is vacant in the records of the Department according to a report from Land Patents Branch. It is noted that L.S.D.'s 5 and 6 in the S.W. ¼-1--11--6-W.4th M. are covered by petroleum and gas leases but the surface rights are clear.

There are no seed grain charges registered against the land.

According to the Inspector's reports there are no improvements thereon.

Copies of the Inspector's reports are sent you herewith.

Please inform me whether the additional selection is satisfactory and will be accepted for the Endowment.

The School Land has been valued at $56,877.21 and the land selected to date for the Endowment is worth $55,061.09. Therefore, land to the value of $1,814.12 is still required for the Endowment and the Agent has been asked to have land to this value selected as soon as possible.

I might add that the following quarter-sections were also selected for the Endowment:-

S.W. ¼-7--7--7-W.4th M.	$480.00
N.W. ¼-32-6--7-W.4th M.	415.00
S.E. ¼-22-3--8-W.4th M.	480.00
N.E. ¼-19-3--7-W.4th M.	480.00

but it has been found that there are seed grain charges registered against the land and such land could not be accepted and the Agent has been instructed to post it for ordinary settlement.

A short time ago your Branch reported that there were seed grain encumbrances registered against the four quarters above described. Please read the Agent's letter of the 19th ultimo setting forth that he has no record of such charges.

This land has been selected for the School Endowment but if there are any charges registered against it for seed grain and relief it is not available for the purpose.

Kindly inform me whether there are any encumbrances against the land and if so, furnish me with a statement in regard thereto which can be forwarded to the Agent in order that his records may be complete.

MEMORANDUM:

Mr. Perrin

S.W.¼ 7-7-7-W.4th M.
N.W.¼ 32-6-7-W.4th M.
S.E.¼ 22-3-8-W.4th M.
N.E.¼ 19-3-7-W.4th M.

In response to your verbal request for a report relative to Mr. Scott's memorandum dated the 5th instant, I would advise you firstly in connection with the N.W.¼ 32-6-7-W.4th M. The advances in this case were in connection with Federal liens for $29.55 and $198.27, which with interest computed to the 31st ultimo aggregated $386.99. This land, it will be observed from the record of the statement supplied by the Revenue Division, formed part security for the Federal liens involved in this case and of which the Agent had intimation as indicated in Departmental communication dated the 28th January, 1926. The Agent had apparently overlooked the security afforded in this case.

In the other cases referred to, namely, the S.W.¼ 7-7-7-W.4th M., S.E.¼ 22-3-8-W.4th M., and the N.E.¼ 19-3-7-W.4th M., the indebtedness concerned covered Provincial-Federal liens, taken in their respective order against the S.W.¼ 7 being $82.50, S.E.¼ 22 - $111.40 and $200.00 and against the N.E.¼ 19 - $131.25.

Of these latter liens the Agent would have no record through the usual accounting channels and it is evident from the file record that he was not made cognizant of their existence.

In view, therefore, of these lands being selected for School Endowment purposes, I presume it will be the desire of the Department to have these cases placed with the Adjustment Board in order that authority may be obtained to have the charges written off.

I beg to acknowledge receipt of your letter of the 19th ultimo regarding the selection of the land above described for the School Endowment and in reply am to inform you there are seed grain and relief charges against each of the four quarter sections.

In connection with the N.W. 32-6-7-W. 4th Meridian the advances were in connection with the Federal liens for $29.55 and $198.27, which with interest computed ~~from~~ to the 31st ultimo aggregated $386.99. This quarter section formed part security for the Federal liens involved in this case and intimation of this was conveyed to you in Head Office letter sent you on the 28th January, 1926, reading as follows:-

"With reference to the Seed Grain indebtedness

Kindly refer to your file 308608 and to memoranda addressed to you from this Branch on the 17th December last and 14th ultimo with reference to the selection for the School Endowment of available Dominion Land in lieu of the land described above which is required in connection with the Taber Irrigation District.

The School Land has been valued at $56,887.21 and up to the present time available Dominion Land to the value of $55,061.09 has been selected for the Endowment - leaving a balance of $1,816.12 still due the Endowment.

The following two quarter-sections have now been selected to complete the account:-

S.E. ¼-36-11-8-W.4th M. 160 acres $7.00 an acre - $1,120
S.E. ¼- 2-11-6-W.4th M. 155 " 5.00 " " - 775
Total $1,895

The new land selected is clear according to Land Patents Branch records. There are no improvements on the land and there are no seed grain or relief charges registered against it. There are petroleum and gas leases noted against the S.E.¼-2-11-6-W.4th M. but this does not affect the surface rights.

You will observe that the total value of all the land selected for the Endowment is $78.88 greater than the value of the School Land required for the Irrigation Scheme.

Kindly inform me whether the new selection is satisfactory and whether this account may now be considered as closed.

Attached hereto are copies of the Inspector's reports on the two quarter-sections selected.

A copy has been sent to the Inspector for information.

Mr. Rollins,
School Lands Branch.

S.E.¼ 36-3-6-W. 4th Mer.

Mr. Jens J. Nielsen, of Kinyber ies, Alberta, who has obtained permission to take up a second homestead, is anxious to secure the quarter-section above described. This land is not at present available as it has been selected, with other land, for the School Endowment in exchange for School land included in the Tuber Irigation District. Please see your file 308608 and memorandum addressed to you from this Branch on the 14th January last.

Under the circumstances kindly inform me whether you will agree to relinquish this quarter-section from its present reservation, provided, of course, it has not already been gazetted as School land and, if so, whether the deficiency will be made up by using some 'excess' which was selected for, but not required, in connection with some other exchange, or will it be necessary to have an Inspector instructed to find some other available quarter-section for the endowment.

It is noted this quarter was valued at $2.00 per acre.

Re S.E.¼ 36--3--6 W.4th Mer.

I beg to refer you to Mr. Perrin's memorandum of the 26th ultimo hereunder advising that Mr. Jens S. Nielsen of Many Berries, Alberta, who has obtained permission to take up a second homestead is anxious to secure the above mentioned quarter-section.

In regard thereto I might state that this quarter-section was selected with other lands to reimburse the School Lands Endowment Fund for the relinquishment of certain school lands set aside by the Taber Irrigation District and is valued at $2.00 per acre.

The lands selected have not yet been set aside and gazetted as School lands and I see no objection to withdrawing this quarter-section from the selection made in order that the application of Mr. Nielsen for a second homestead thereon might be favourably considered.

If we find that we are short in selection to fully reimburse the Fund for lands relinquished we could no doubt secure another quarter-section equally as good as this one for the purpose.

Please issue the necessary instructions to the Inspector and have the matter expedited as much as possible. When the selection has been made you should take the necessary action to reserve the land in your records and the Sub-Agent's records and report promptly to the Department.

I beg to refer you to your letter of the 17th December, 1928, and the 19th January, 1929, informing the Department of the selection of the two quarter-sections above described and other land for the School Endowment in lieu of certain school land required in connection with the Taber Irrigation District. It would appear that the under-rights in these two quarter-sections have been disposed of and it is not considered advisable to set the surface rights apart as School Lands while the under-rights are under lease. It has been decided, therefore, to cancel the reservation in favour of the School Endowment. Please take the necessary action in your records and the Sub-Agency records and post the land for ordinary settlement in the usual manner, provided you are aware of no reason to the contrary. When posting the land you should advise all parties who may have made enquiry.

I am also to remind you that the S.E.¼ 36-3-6-W. 4th Mer., selected on this account was recently opened up for settlement, your reference 114211.

By withdrawing these three quarter-sections from the selection it would appear from calculations made in the Department that the School land relinquished from the Endowment is valued at $1,786.12 more than the value of the land that has been selected. I am to ask you to instruct an Inspector to select for the Endowment as soon as possible available Dominion land to the value of $1,786.12. The land

Referring to your letter of the 5th ultimo, in which you advised that the South West quarter of Section 1 and the South East quarter of Section 2, in Township 11, Range 6, West of the 4th Meridian, and the South East quarter of Section 36, in Township 3, Range 6, West of the 4th Meridian, were not considered suitable lands for selection for the School Lands Endowment in lieu of certain lands required in connection with the Taber Irrigation District, and in which you advised that the School Lands relinquished from the Endowment is valued at $1786.12 more than the value of the land that has been selected.

I would also refer you to your letter of the 8th ultimo with reference to the surrender from the School Endowment of 149.01 acres in the South East of Section 29, in Township 9, Range 22, West of the 4th Meridian for inclusion in the Lethbridge Northern Irrigation District. I am enclosing, herewith, Inspector Wilcox' report valuing this quarter-section at $12.00 per acre, $1788.12, which added to the total above mentioned makes a total of $3574.24, being lands surrendered from the School Lands Endowment.

I have selected and reserved the following lands in this district to make up this total and am enclosing Inspector Bowyer's reports covering these quarter-sections with their value per acre:

Memorandum:

Mr. Perrin.

S.E.¼-14--16--3-W.4th M.

This quarter-section and other land has recently been selected by the Agent for the School Endowment in lieu of certain School Land included in the Taber Irrigation District and the Lethbridge Northern Irrigation District.

The land is available for the Endowment, except that the Revenue Division reports seed grain charges registered against it amounting with interest to nearly $300.00. It appears this charge is noted against this quarter-section as well as the S.W.¼ of the same section. The Revenue Statement is on file 3145410.

It is observed from file 2772809 that the three liens referred to are against the S.W.¼ only.

The S.½-14--16--3-W.4th Meridian was taken up under homestead and pre-emption entry by Mr. Peter Midland who incurred the charges. He obtained patent for his homestead, the S.W.¼, in April, 1917, but his pre-emption entry for the S.E.¼ was cancelled in September, 1924.

When the S.E.¼ was posted in October, 1924, no mention was made of any seed grain charges against the land.

Land with seed grain charges against it will not be accepted for the School Endowment. Under the circumstances, it is suggested that such charges be cleared from the S.E.¼ which has been selected for the Endowment and is otherwise available.

Mr. Perrin

Re - S.E.¼ 14-16-3-W.4th Mer.

Referring to Mr. Scott's memorandum immediately hereunder, it will be noted that the only indebtedness outstanding consists of advances made under the 50-50 Agreement with the Province of Saskatchewan, and an inspection of the liens taken as security shows that they were given on the specific security of the patented quarter the south-west of 14, and that the pre-emption the south-east is not mentioned.

In cases such as this the holding of the unpatented quarter as security is entirely at the will of this Department, and that the South-East was not regarded as affording any security, is evidenced by the fact that when the Lienee's entry was cancelled, the land was posted clear of any encumbrances.

This quarter cannot now be regarded as affording any security, and I have had your memorandum addressed to Mr. Cliddon on December 5th stamped to the effect that there is no record of any Seed Grain or Relief encumbrances. I have also had the statement of indebtedness removed from the land file covering the South-East of 14.

Memorandum:

Mr. Perrin.

S.W.¼ 7-7-7-W. 4th Mer.

C.O. Reference 4219 is a request for a report on the Acting Deputy Minister's memorandum of the 28th ultimo regarding the wish of Mr. D.M.Campbell to secure this quarter-section under grazing lease and asking for recommendation as to the advisability of making the land available for leasing.

According to Head Office file and a report from Land Patents Division the land is vacant.

There are seed grain charges amounting to $139.67, which includes interest to the 31st of the present month.

This quarter-section and two other parcels, the N.E. 19-3-7-W. 4th Meridian and S.E. 22-3-8-W. 4th Meridian, were selected and reserved for the School Endowment but as it was found there were seed grain charges against the land the Agent was instructed on the 8th February, 1929, to post it 'for ordinary settlement in the usual manner'.

On the 16th February, 1929, the Agent posted the three parcels, which are in Area "A", on Form 82G. On the top of the posting notice he typed the following words "not available for grazing applications". On the 3rd instant he was asked to explain why he posted the land for entry only and he replies as follows:-

The land was at one time held under entry but the entries were cancelled and, although the land appears from the records to be suitable for cultivation, the Agent had no right to post it for entry only. As a rule it is only when a grazing application has been refused on the ground that the land is suitable for agriculture that the Agent is specially instructed to open up land for entries only.

If desired the Agent could be instructed to again post the S.W. 7-7-7-W. 4th Meridian for ordinary settlement on Form 80C making the land available on the fourth day of posting for application for grazing leases and send copy of notice to Mr. Campbell - provided the land has not been disposed of in the meantime.

If the land is posted again to become available for applications for entry or grazing and Mr. Campbell files an application for grazing it would be necessary, under the grazing regulations, to have an inspection, and if the report shows the land better adapted for grain growing than for grazing, his application would be refused.

DECLARED before me Com Land Agt for at Peace River Alberta this 2nd day of March 19 .

Frederick O Briggs
(Signature.)

H. Linehan
Agent of Lands
(Agent or Comm.)

Where the applicant is unable to subscribe to the statements in paragraphs (a), (b) and (c) of this Declaration he is not to be granted entry unless he produces special authority from the Soldier Settlement Board or the District Superintendent. Applicants who are unable to subscribe to paragraphs (a), (b) and (c) should, therefore, take their cases up with the District Superintendent of the Board, explaining on what grounds they are applying for special authority.

Sub-Section 2 of Section 15 of the Soldier Settlement Act, 1919, provides as follows:—

"Unless the Board shall, for special reasons, otherwise recommend, no such free grant shall be made to any settler who,—

(a) has, pursuant to the provisions of this Act, purchased from the Board any land; or,
(b) has, pursuant to the provisions of this or of the former Act, secured from the Board any advance of money for the clearing of encumbrances on, or the purchase of, or the improvement of, any land; or,
(c) is owner of, or has a vested, possessory interest in agricultural land of such area as, in the opinion of the Board, constitutes an average farm for the district within which the land is situated, or which in the opinion of the Board, is of the value of five thousand dollars."

If the settler is unable to subscribe to the statements in paragraphs marked (a), (b) and (c) of the Declaration, he is not to be granted entry unless specially recommended by the Board.

With respect to the information called for in paragraphs (d) and (e) of the Declaration, the Soldier Settlement Board considers that as a rule a farm of 320 acres may be considered an average farm for the western provinces for the purposes of section 15 of the Act. If, therefore, from the information furnished by the settler, it appears that he is owner of, or has vested, possessory interest in agricultural land of an area amounting to a half section 320 acres more or less, the settler's application is not to be entertained, unless he has been specially recommended for entry by the Board.

If the applicant is owner of, or has vested, possessory interest in agricultural land the value of which is $5,000, he should be deemed disqualified unless he has been specially recommended by the Board. The present selling value of the land is to be accepted as its value for the purposes of the entry.

For the purposes of Section 15 of the Act, land owned by the husband or wife of the applicant is deemed to be owned by the applicant.

MEMORANDUM.

Forestry Branch.

N. E. ¼ 13-87-8 W 6th Meridian.
N. E. ¼ 35-23-4 W 3rd Meridian.
Your reference #33432 For.

The Agent of Dominion Lands, Peace River, has reported that Mr. R. O. Coghlan has selected the N.E. ¼ 13-87-8 W 6th Meridian as a suitable quarter section in exchange for the N.E. ¼ 35-23-4 W 3rd Meridian which is situated in the forest reserve.

The Agent is reserving this land, pending instructions as to the action taken on the application for an exchange of lands made by Mr. Coghlan.

I am enclosing you herewith Mr. R.O.Coghlan's application completed on departmental form No. 59, expressing his wish to have the exchange carried out.

H. B. Perrin,

Dominion Lands Branch.

P. C. 979

Certified to be a true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General on the

11th JUNE 1929

The Committee of the Privy Council have had before them a report, dated 30th May, 1929, from the Minister of the Interior, submitting that Mr. R. C. Coghlan of Peace River, Alberta, has agreed to exchange the north east quarter of Section 35, Township 23, Range 4, west of the 3rd Meridian, which is situated in the Elbow Forest Reserve for the north east quarter of Section 13, Township 87, Range 8, west of the 6th Meridian, which land is not reserved for forestry and is available for this purpose.

The land being surrendered is non-agricultural but is of value for timber production. The soil thereon is either sand or a mixture of silt and sand. The quarter section is in the interior of the reserve and is therefore isolated from all other settlements. The acquisition of this land would facilitate the administration of the forest reserve.

The Minister, therefore, recommends that authority be granted for the issuance of Letters Patent to Mr. R. C. Coghlan for the north east quarter of Section 13, Township 87, Range 8, west of the 6th Meridian in lieu of the land surrendered by him in accordance with the provisions of Section 8 of the Dominion Forest Reserves and Parks Act, and that Mr. Coghlan be allowed to remove the improvements constructed by him on the land surrendered.

The Committee concur in the foregoing recommendation and submit the same for approval.

Clerk of the Privy Council.

The Minister of the Interior.

"Commencing at a point on the North "boundary of the said quarter Section, distant "five chains measured Easterly along the said "North boundary from the North West corner of the "said quarter Section, thence Easterly along the "said North boundary a distance Five Chains, "thence Southerly parallel to the West boundary of "the said quarter Section, a distance of Six "Chains, thence Westerly parallel to the said "North boundary, a distance of Five Chains, thence "Northerly parallel to the said West boundary, a "distance of Six Chains, more or less, to the place "of commencement, containing by admeasurement three "acres, more or less."

From this description it will be observed that unfortunately the location of the school site begins at a point twenty rods east of the northwest corner of the said N.E.¼ of Section 10, instead of from a point twelve rods east of the said northwest corner as requested in your letter of the 1st December last. I would enquire if in the circumstances the site will be satisfactory for the purpose of the School District.

If otherwise, and the School District is holding the duplicate certificate of title for the three acres in question, the same should be returned to the Registrar, Land Titles Office, Edmonton, for cancellation.

Round-Up School District No. 4283
of the Province of Alberta.

I have the honour to enclose file of this Department No. 5048271 respecting a portion of the N.E.¼ 10-62-1-W.5.Mer. containing three acres, patented on the 7th January, 1928, to the Round-Up School District No. 4283 of the Province of Alberta, which patent has been returned to the Department and cancelled as the description of the parcel intended to be granted is erroneous as it located the North West corner of the parcel in question five chains from the North West corner of the quarter section mentioned whereas the North West corner of the parcel is three chains from the North West corner of the quarter section.

It is proposed to issue a new patent with the proper description inserted therein to the School District which, however, shall relate back to the 7th January, 1928, the date of the cancelled patent, and I am to request that you will kindly furnish the Department with a draft form for use in this case in accordance with the instrument of cancellation attached to the file.

The Deputy Minister,

Re Lot 9, Atikamisis Lake Settlement, Alberta. Area 36.6 acres.

I beg to submit for your consideration a statement in connection with the above-mentioned lot.

The survey of this settlement was made by Mr. P. R. A. Belanger, D.L.S., in 1914 to meet the requirements of the settlers at this point, upon receipt of a petition dated the 20th December, 1913, for this survey signed by settlers in this district, some of whom appear to have been there prior to the extinguishment of the Indian title in this locality in 1899 (Treaty No. 8). The name of Francis Gladu appears amongst the names of the signers of this petition.

No statutory declaration was made before the surveyor in connection with this lot and the surveyor did not report any one in occupancy thereof.

The Acting Agent of Dominion Lands with a letter dated the 10th ultimo forwarded a report made by Mr. Field Inspector Grimwood in connection with Lot 9 which reads as follows:-

Occupant - Francis Gladu.
In residence or not - Yes.
Residence performed - Continuous residence for the past 46 years.
Improvements - Log house 17 x 17, value $250.00.

The Inspector adds:- "Forms '59' in duplicate are attached "in which Mr. Gladu claims Lot 9 for a free grant. This "claim is supported by affidavits completed by Mr. Albert "Whitehead and Mr. Joseph Whitehead. There is another "building 15 x 18, much delapidated, belonging to owner "of adjoining Lot 8 which it is planned to move."

Three statutory declarations accompanied the report quoted above. These declarations read as follows:-

"I, Francis Gladu, of Atikamisis Lake, "Province of Alberta, do solemnly declare that I have "lived on Lot 9, Atikamisis Lake, for the past 46 years "and request that said lot be given to me as a free grant."

MEMORANDUM:

Mr. Perrin.

Re S.W. 9 - 2 - 17 - W. 4th M. - Hstd.
Date of entry - 5th of July, 1926.
N.W.28 - 2 - 17 - W. 4th M. - S.G.
Date of entry - 10th of August, 1926.
F. T. Murray.

Cancellation proceedings were instituted against Mr. Murray's soldier grant entry the 23rd of July, 1929.

Mr. Murray filed a defence in August, 1929. He claimed credit for the erection of a house valued at $50.00 and cultivation in each of the years 1927, 1928 and 1929. He also claimed credit for the completion of 6 months' residence in the year 1928, (See Form 58 A Marked).

The Inspector detailed to investigate has reported that Mr. Murray did not at any time live on either his homestead or his soldier grant. There is no building on either quarter section. 40 acres of the soldier grant was under crop in 1927 and 1928 but was not cropped in 1929.

The Inspector in his report on the homestead, S.W. 9-2-17-W. 4th M., states that Mr. Murray intends to erect a house on his homestead immediately after seeding.

The soldier grant entry is in default with respect to the performance of settlement duties, and is liable to summary cancellation. However, in view of the Inspector's report to the effect that Mr. Murray wishes to keep both his homestead and his soldier grant, and will erect a dwelling house on his homestead, immediately after seeding operations, I would suggest that Mr. Murray be granted a period of sixty days, to submit evidence to the Agent of Dominion Lands at Lethbridge, that he is in bona fide residence engaged with the settlement duties.

Final notice
30 days.

Dear Sirs:

Re: John GAWRYLIUK
File No.56-325

The above named has made application for old age assistance, but since he is unable to obtain a birth certificate, is having difficulty in proving his correct age for our purposes.

We understand he filed on a homestead in the Peace River district (Whitelaw, Alberta) in 1928.

Are you able to confirm the age he gave at that time from the meagre information we have on hand? If not, please advise and we will endeavour to obtain the further information required.

Thank you for your assistance in this respect.

Yours very truly,

K. Smith

Sir: Re S.E. 30 & All 28-13-.-4.5.for.
Burns Foundation Limited.

In compliance with the request to that effect the Burns Foundation Limited, Calgary, have been permitted to relinquish from their region no. 14444. the above described lands in order that Military Bounty Land warrants no. 8561 and No. 9985 and Halfbreed Land Scrip Notes Nos. 8728, 9865, 10564, 10169 and 10665 may be located thereon.

Please note that no disposition is to be made of this land under Sec. by the location of the Land warrants and scrip notes which may be made by the Burns Foundation Limited in the usual way, that is to say, after the Land warrants have been transmitted to the Burns Foundation Limited in accordance therewith. These warrants may be located on a quarter section of 160 acres each and after the Burns Foundation Limited has been duly reported to the Department the Land may be patented to the Burns Foundation Limited.

The scrip notes, with the exception of scrip note No. 10665, must be located in the name of the Halfbreed persons by the persons personally upon 160 acres or so as the case may be and after location the Land upon which the notes were located may be transferred to the Burns Foundation Limited. It will be necessary to have the assignments registered here, the fee being $1.00 for each assignment, after which the Land may be patented in accordance with the assignments.

With regard to Scrip Note No. 10665 which was originally issued to me June 1st, 1906, I may say that this scrip note was located and cancelled but it has been decided that, upon satisfying the Minister as to your satisfaction, you may select and enter for 160 acres of Land and this privilege may be exercised upon one of the quarter sections within the Burns Foundation Limits Entire. After the location has been made, the assignment registered and the Land may be patented, the assignment should be forwarded to the Land Office Agent in the usual manner. A fee will be required for the registration of the assignment.

COPY/MEMO

Office of
THE DEPUTY MINISTER OF THE INTERIOR.
OTTAWA, CANADA.

5th November, 1926.

Memorandum:

Mr. Coté.

You will recall that some years ago the scrip of a Mrs. Jane Alston was located on Lot 20 Lesser Slave Lake Settlement. It subsequently appeared from information furnished by Colonel Starnes, Royal Canadian Mounted Police, that there had been certain misrepresentations in connection with the location of the half-breed scrip, and Colonel Starnes made a positive statement that certain half-breeds, among them Jane Alston, had never left Fort Churchill. On this statement of fact the Department decided that someone must have been guilty of misrepresentation, and the location of the scrip was cancelled.

In May, 1917, a letter was written to Messrs. Smith & Johnston, Barristers of Ottawa, conveying a decision to the effect that Jane Alston might be permitted, upon establishing identity with the Agent of Dominion Lands for the district in which the land is selected, to make a selection and enter for 160 acres of available Dominion Lands open for homestead entry.

Since then the Department has been pressed to allow the re-location of the scrip or the exercise of the privilege by those who purchased the scrip without requiring the personal attendance of the original grantee. This request was refused, and no further measure of relief suggested.

When the Minister was in Edmonton recently J.C. Biggs & Co. spoke to him on the subject of facilitating the exercise of any rights which might be granted under the circumstances, and the Minister would like to see the matter disposed of in an equitable way.

I am personally of the opinion that the granted in the letter to Mrs. Alston are practically all the rights she held under the scrip note, and it no other holder is in a position to furnish the information is actually furnished to the Department would be given such patents, the exercise of whatever privileges are you cannot consider "Land-backed".

Please let me have your views on this at your earliest convenience as the matter will come up for discussion on the Minister's return to the City.

Deputy Minister.

MEMORANDUM:

Halfbreed Land Scrip.
Jane Alston.

Referring to your memorandum of the 5th instant, respecting the above mentioned land scrip note, which was located and cancelled and in connection with which it was decided that, upon establishing her identity with the Agent of Dominion Lands, for the district in which the land is selected, Mrs. Alston might be permitted to select 160 acres of available Dominion lands open for homestead entry and which selection it is now desired to make without the personal attendance of Mrs. Alston, I beg to state that in connection with certain land scrip notes which it was desired to locate without the grantees appearing personally, it was decided to consider the request to locate such scrip notes, by the holder thereof, in the names of the grantees, if in each case there were submitted satisfactory evidence establishing the fact, beyond a question of doubt, that each halfbreed grantee who has undertaken to assign his certificate was the person entitled to such certificate and who gave a receipt therefor, that such grantee duly received the full amount of the consideration for which he agreed to assign his interests in the certificate and that such grantee was legally competent to assign.

In cases where satisfactory evidence was submitted to the Department the scrip notes were endorsed on the back and made available for location, by the holder thereof, in the name of the grantee of the scrip note and such scrip notes are known as "Red backed scrip".

As Mrs. Alston has been given permission to select 160 acres, I think she is in practically the same position as if she held the actual scrip note and I do not see any objection to dealing with the case in the same manner as the endorsed notes were dealt with, that is to say, if satisfactory evidence along the lines above indicated were filed here the person entitled, as shown by such evidence, upon advising the Department in which agency he desires to select the land, might be permitted to locate in such agency 160 acres of land open for homestead entry in the name of the said Jane Alston, after which the land so selected might be assigned in the usual way.

Respectfully submitted,

Gentlemen,

Re Jane Alston--Halfbreed Scrip.

Referring to Scrip Note No. A.10605 for 160 acres issued to Jane Alston, which was cancelled when it was located on Lot 20, Lesser Slave Lake Settlement, the location of which was also cancelled, I beg to inform you that under no circumstances could a duplicate of this scrip note be issued.

It has been decided, however, to permit the grantee, Jane Alston, upon establishing her identity to the satisfaction of the Agent of Dominion Lands for the District within which the land is selected to make a selection and enter for 160 acres of available Dominion Lands open for Homestead entry in the Provinces of Manitoba, Alberta or Saskatchewan, and if Mrs. Alston will advise the Department of the District within which she desires to make entry the necessary instructions in the matter will be sent to the Agent.

Copy ... M.R. - W.783 File ..... 3068. 18-13-1079.

Sir:

Attention of Mr. Pigue.

I beg to acknowledge the receipt of your letter of the 30th ultimo, having reference to the filing of half breeds scrip and military bounty land warrant in the N½ of Section 30 and all of Section 32, Twp. 18, Rge. 3, West of the 5th Meridian.

In reply thereto I beg to inform you that I am in receipt of a copy of a communication from the Department, addressed to the Burns Foundation Limited, from which it is noted that the script entries have been granted on Sec. 32 and the land not. stands recorded in the Department in the name of the half breeds, but that as soon as the necessary assignments are received together with fees of $3.00 with each assignment, action will be taken to register same in the name of any assignee specified therein.

With regard to the land warrants, however, which cover Section 30, it is gathered that the Departmental letter above referred to was written before the advice of these entries being granted had been received in that office.

It is noted from my records, however, that when the land warrants Nos. 0561 and 0983 in question were forwarded the Department so that the assignment of the Burns Foundation Limited could be endorsed thereon that I collected two fees amounting in all to $6.00 for registering the assignment covering these warrants. It is not quite clear, however, if fees were required in this instance, and I am drawing the Department's attention to this matter by means of a copy of this communication, advising that office that the payments were covered by Departmental Receipts Nos. 359509 and No. 359510 issuing on November 5th, and it is presumed that if these amounts were collected in error that same will be refunded you.

These amounts were the only fees received from you for assigning an interest in the scrip referred to above.

Sir:

Referring to your letter of the 9th instant, to P. Burns & Company, Limited, Calgary, respecting the location of certain Halfbreed Land Scrip Notes and Military Bounty Land Warrants on the N.½ of Section 30 and the whole of Section 32, Township 18, Range 3, West of the 5th Meridian, I beg to state that the two registration fees of $3.00 each, reported in your return for the period ending the 6th ultimo in connection with Military Bounty Land Warrants Nos. 0561 and 0983 for which you issued receipts Nos. 359509 and 359510, should not have been collected as the Department does not charge any registration fees in connection with the registration of assignments affecting Military Bounty Land Warrants, and in the ordinary course this sum of $6.00 should be refunded to the Burns Foundation Limited.

The Halfbreed Land Scrip Notes referred to have been located on Section 32, Township 18, Range 3, West of the 5th Meridian, in the names of the halfbreeds to whom the scrip notes were issued and it is presumed that the Burns Foundation Limited will, in due course, forward the necessary assignments covering this land for which the registration fees will amount to $12.00, and it is proposed to retain the two fees amounting to $6.00 pending the receipt of these assignments in connection with which the Burns Foundation Limited will require to remit $6.00 additional.

If desired, however, the amount of $6.00 already collected may be refunded forthwith in which case it will be necessary for the Burns Foundation Limited to remit fees amounting to $12.00 when the assignments of the land upon which the Halfbreed Land Scrip Notes were located are forwarded to the Department.

Please ascertain the intentions of the Burns Foundation Limited and advise the Department.

Gentlemen:-

Referring to the location of certain Halfbreed Land Scrip Notes and Military Bounty Land Warrants on the N. ½ Sec. 30 and all Sec. 32-18-3 W. 5th Meridian, and to the two registration fees of $3. each paid in connection with Military Bounty Land Warrants Nos. 0361 and 0983, I beg to say that these fees should not have been collected as the Department does not charge any registration fees in connection with the registration of assignments affecting Military Bounty Land Warrants.

The Halfbreed Land Scrip Notes have been located in the names of the halfbreeds to whom the scrip notes were issued and it is presumed that you will in due course forward the necessary assignments covering this land, for which the registration fees will amount to $12, and it is proposed to retain the two fees mentioned above amounting to $6. pending the receipt of these assignments in connection with which you will require to remit $6. additional.

If desired, however, the amount of 6. already

collected may be refunded forthwith, in which case it will be necessary for you to remit fees amounting to $12. when the assignments of the land upon which the Halfbreed Land Scrip Notes were located are forwarded.

Will you kindly advise me of your intentions in this connection as soon as possible.

A Commissioner for Oaths

Where the applicant is unable to subscribe to the statements in paragraphs (a), (b) and (c) of this Declaration he is not to be granted entry unless he produces special authority from the Soldier Settlement Board or the District Superintendent. Applicants who are unable to subscribe to paragraphs (a), (b) and (c) should, therefore, take their cases up with the District Superintendent of the Board, explaining on what grounds they are applying for special authority.

Sub-Section 2 of Section 15 of the Soldier Settlement Act, 1919, provides as follows:—

"Unless the Board shall, for special reasons, otherwise recommend, no such free grant shall be made to any settler who,—

(a) has, pursuant to the provisions of this Act, purchased from the Board any land; or,

(b) has, pursuant to the provisions of this or of the former Act, secured from the Board any advance of money for the clearing of encumbrances on, or the purchase of, or the improvement of, any land; or,

(c) is owner of, or has a vested, possessory interest in agricultural land of such area as, in the opinion of the Board, constitutes an average farm for the district within which the land is situated, or who is in the opinion of the Board, is of the value of five thousand dollars."

If the settler is unable to subscribe to the statements in paragraphs marked (a), (b) and (c) of the Declaration, he is not to be granted entry unless specially recommended by the Board.

With respect to the information called for in paragraphs (d) and (e) of the Declaration, the Soldier Settlement Board considers that as a rule a farm of 320 acres may be considered an average farm for the western provinces for the purposes of section 15 of the Act. If, therefore, from the information furnished by the settler, it appears that he is owner of, or has vested, possessory interest in agricultural land of an area amounting to a half section (320 acres more or less) the settler's application is not to be entertained, unless he has been specially recommended for entry by the Board.

If the applicant is owner of, or has vested, possessory interest in agricultural land the value of which is $5,000, he should be deemed disqualified unless he has been specially recommended by the Board. The present selling value of the land is to be accepted as its value for the purposes of the affidavit.

For the purposes of Section 15 of the Act, land owned by the husband or wife of the applicant is deemed to be owned by the applicant.

Application to Purchase Fractional Area.

7th April, 1930.

Land. Formerly submerged portion of S.E.¼ 23-51-13-W.4th Mer.
Area. 101.7 acres.

Name of Applicant. James Cruikshanks, per the Manager of the Royal Bank of Canada, Lavoy, Alberta.

Owner of:- the patented portion of the South East quarter of Section 23, Claimed.

Inspector's Report.

"The above land has been more or less permanently dry for over five years. at present all grown up with coarse grass. Recommend it be sold to Mr. Cruikshanks for $3.00 per acre."

The Surveyor General's report states that the Dominion Lands Surveyor who made an investigation in 1923 reported the lake to be dry and as a result of his report the area in this quarter section will be shown as 160 acres, on the next edition of the township plan.

Recommendation:-

The area is available and as it is quite evident that it is now permanently dry I would recommend that the applicant be permitted to purchase at the rate of $3.00 per acre, the sale to be subject to his filing evidence that he is the registered owner of the patented portion of the quarter section.

(a) That I have not purchased any land from the Soldier Settlement Board [illegible] the provisions of the Soldier Settlement Legislation;

(b) That I have not pursuant to the provisions of the Soldier Settlement Legislation, secured from the Board any advance of money for the clearing [illegible] cumbrances on, or the purchase of, or the improvement of, any land,

(c) That I have no application at present pending to purchase any land from the Board or to secure advances from it for the purposes mentioned in paragraph (b) hereof;

(d) That I am not an owner of, nor have I a vested, possessory interest in, agricultural land except the following:

DESCRIPTION					Area	Assessed Value	Present Selling Value
NW¼ Sec 31	Tp 53	Rge 15	W	3 Mer	Home		

(Give description, area, assessed value and present selling value of each parcel of land owned.)

(e) That my [illegible] is not an owner of, nor has [illegible] vested, possessory interest in, agricultural land except the following:

DESCRIPTION					Area	Assessed Value	Present Selling Value
¼ Sec	Tp	Rge	W	Mer			
¼ Sec	Tp	Rge	W	Mer			

(Give description, area, assessed value and present selling value of each parcel of land owned.)

AND I make this solemn declaration conscientiously believing the same to be true and knowing that the same is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act.

DECLARED before me

at [illegible]

this 11 day of [illegible] 19 46

(Signature.)

[illegible] J.P. or Comm.

Where the applicant is unable to subscribe to the statements in paragraphs (a), (b) and (c) of this Declaration he is not to be granted entry unless he produces special authority from the Soldier Settlement Board or the District Superintendent. Applicants who are unable to subscribe to paragraphs (a), (b) and (c) should, therefore, take their cases up with the District Superintendent of the Board, explaining on what grounds they are applying for special authority.

Sub-Section 2 of Section 15 of the Soldier Settlement Act, 1919, provides as follows:—

"Unless the Board shall, for special reasons, otherwise recommend, no such free grant shall be made to any settler who,—

(a) has, pursuant to the provisions of this Act, purchased from the Board any land; or,
(b) has, pursuant to the provisions of this or of the former Act, secured from the Board any advance of money for the clearing of encumbrances on, or the purchase of, or the improvement of, any land; or,
(c) is owner of, or has a vested, possessory interest in agricultural land of such area as, in the opinion of the Board, constitutes an average farm for the district within which the land is situated, or which in the opinion of the Board, is of the value of five thousand dollars."

If the settler is unable to subscribe to the statements in paragraphs marked (a), (b) and (c) of the Declaration, he is not to be granted entry unless specially recommended by the Board.

With respect to the information called for in paragraphs (d) and (e) of the Declaration, the Soldier Settlement Board considers that as a rule a farm of 320 acres may be considered an average farm for the western provinces for the purposes of section 15 of the Act. If, therefore, from the information furnished by the settler, it appears that he is owner of, or has vested, possessory interest in agricultural land of an area amounting to a half section (320 acres more or less) the settler's application is not to be entertained, unless he has been specially recommended for entry by the Board.

If the applicant is owner of, or has vested, possessory interest in agricultural land the value of which is $5,000, he should be deemed disqualified unless he has been specially recommended by the Board. The present selling value of the land is to be accepted as its value for the purposes of the affidavit.

For the purposes of Section 15 of the Act, land owned by the husband or wife of the applicant is deemed to be owned by the applicant.

..... J. P. or Comm.

Where the applicant is unable to subscribe to the statements in paragraphs (a), (b) and (c) of this Declaration, he is not to be granted entry unless he produces special authority from the Soldier Settlement Board or the District Superintendent. Applicants who are unable to subscribe to paragraphs (a), (b) and (c) should, therefore, take their cases up with the District Superintendent of the Board, explaining on what grounds they are applying for special authority.

Sub-Section 2 of Section 15 of the Soldier Settlement Act, 1919, provides as follows:—

"Unless the Board shall, for special reasons, otherwise recommend, no such free grant shall be made to any settler who,—

(a) has, pursuant to the provisions of this Act, purchased from the Board any land; or,

(b) has, pursuant to the provisions of this or of the former Act, secured from the Board any advance of money for the clearing of encumbrances on, or the purchase of, or the improvement of, any land; or,

(c) is owner of, or has a vested, possessory interest in agricultural land of such area as, in the opinion of the Board, constitutes an average farm for the district within which the land is situated, or which in the opinion of the Board, is of the value of five thousand dollars."

If the settler is unable to subscribe to the statements in paragraphs marked (a), (b) and (c) of the Declaration, he is not to be granted entry unless specially recommended by the Board.

With respect to the information called for in paragraphs (d) and (e) of the Declaration, the Soldier Settlement Board considers that as a rule a farm of 320 acres may be considered an average farm for the western provinces for the purposes of section 15 of the Act. If, therefore, from the information furnished by the settler, it appears that he is owner of, or has vested, possessory interest in agricultural land of an area amounting to a half section (320 acres more or less) the settler's application is not to be entertained, unless he has been specially recommended for entry by the Board.

If the applicant is owner of, or has vested, possessory interest in agricultural land the value of which is $5,000 he should be deemed disqualified unless he has been specially recommended by the Board. The present selling value of the land is to be accepted as its value for the purposes of the affidavit.

For the purposes of Section 15 of the Act, land owned by the husband or wife of the applicant is deemed to be owned by the applicant.

Sir,

Re: N.E.¼ 13-71-5-W.6th Meridian.

I notice upon your copy of Township Plan 71-5-W.6th Meridian, dated the 31st March, 1911, which was turned over to me upon the transfer of the natural resources, that a notation appears thereon to the effect that the above mentioned quarter section was a homestead patented to E. D. Robertson, and it would appear that the grant number in this case is 0280.

Upon checking my records elsewhere in this Department, I do not appear to have any trace of Mr. E. D. Robertson being the patentee of this land, nor is it shown that he had any interest whatsoever as a homesteader.

I wonder if you would kindly check your records and advise me of any particulars you may find in connection with this matter.

At the present time my records show this land to be in the name of Wayne F. Carpenter.

Yours very truly,

D. H. Boles,
Director of Lands.

Your File 1352 GL.

I have your letter of the 12th instant, and in reply beg to say that letters patent for the N.E.¼ 13-71-5-W. 6th M., were issued in the name of Edgar Doctor Robertson on the 29th May, 1912.

File No. 5092428, covering the papers relating to the N.E.¼ 13-71-5-W. 6th M., was forwarded to your Department following the transfer of the Natural Resources.

Your obedient servant,

H. H. Hume,
Chairman, Dominion Lands Board.

EDMONTON, October 12th, 1932.

Sir,

Re: N.E.¼ 13-71-5-W.6th Mer.

In view of the explanation conveyed in your letter of the 27th ultimo, relating to the issuance of patent in favour of Edgar Doctor Robertson for the N.E.¼ 13-71-3-W.6th Meridian, I wish to inform you that I have had a check made of my records and find that under Fiat No. 243550, Mr. Robertson's patent was based upon a map or plan of Survey, approved and confirmed at Ottawa on the 31st March, 1911, by Edouard Deville, Surveyor General of Dominion Lands. I have no trace whatever of a plan of Township 71-3-W.6th Meridian bearing this date.

Since the notation "Military bounty - Homestead Grant 0230 E. D. Robertson" appears upon Township Plan 71-5-W.6th Meridian, dated the 31st March, 1911, Edouard Deville, Surveyor General of Dominion Lands, it would appear that the legal description contained in Fiat No. 243550 was based upon this plan, which shows the N.E.¼ 13 as containing 161 acres, the same acreage as appearing upon the fiat.

Township plan 71-3-W.6th Meridian, dated the 29th January, 1912, approved and confirmed by Edouard Deville, Surveyor General of Dominion Lands, upon which

- I believe -

H. E. Hume, Esq.,
Chairman, Dominion Lands Board,
Department of the Interior,
O T T A W A, Ontario.

I believe Mr. Robertson's patent was intended to be based upon, shows the N.E.¼ 13 as containing 160 acres.

I wonder, in view of the above, if you would kindly take any action which you deem necessary for the correction of this Fiat.

Yours very truly,

D. H. Loles,
Director of Lands.

Sir,

NE¼ 13-71-5-W. 6th M.
Your File 1352.

I have your letter of the 12th instant, in further reference to your representations respecting Fiat No. 243550 relating to the NE¼ 13-71-3-W. 6th M., and in reply beg to say it would appear that unfortunately in the preparation of the said Fiat the plan of survey bearing date the 31st March, 1911, was incorrectly quoted and should have referred to the plan of survey of said Township 71-3-W. 6th M., bearing date the 29th January, 1912.

I regret, however, that there is not now any action which may be taken in the premises by this Department and that adjustment of the difficulty comes wholly within the jurisdiction of your Department. I would suggest in this regard that consultation with the Registrar may enable you to reach a solution.

Your obedient servant,

H.E.Hume,
Chairman,
Dominion Lands Board.

Sir:-

Referring to the above account, on which there is a balance due of $724.48 to the 31st ultimo, the section above described was purchased by Mr. Wilkinson from the C.P.R. in 1914 and in 1921 his contract was cancelled. The liens are held to be a correct charge against this land.

The liens are also registered against property in the city of Calgary, above described, known as 321 - 38th Avenue, west. The Department has been requested to apportion the indebtedness, and I am instructed to request that you have a valuation obtained in connection with the property above described in the City of Calgary, and also have your inspector submit a complete report and valuation in connection with the farm property affected by the liens, at as early a date as possible in order that the Department may be in a position to deal with the case as soon as resolutions have been established in connection with apportionments and adjustments of said main indebtedness under the act recently passed.

Dear Mr. Cory:

I am very much indebted for your letter of the 29th ultimo, and I am glad to know that the Government has passed legislation enabling you to rectify conditions such as have arisen in connection with the Wilkinson property. It does seem manifestly unfair that a mortgagee on property acquired by a seed grain borrower years and years after the seed grain debt was incurred should be affected by these seed grain liens. Surely it was not the intention of Parliament when the Act was passed originally that such a condition should arise. In any event, the lien should not take priority to the Mortgage even if it should attach any equity that the seed grain borrower might acquire in properties in the future.

However, I will very much appreciate your being able to give this case of ours early attention, because in the foreclosure proceedings that are now in process it will be quite impossible for us to get the amount of our mortgage out of the property if your lien takes priority.

Yours truly,

Dear Sir: Re: - P. H. Wilkinson, G. I. 413.

We were the holders of a Mortgage placed in 1912 on Lot 11, and Part lot 10, in Block 11, Plan 5584 Calgary. The amount of the principal of the loan was $3500.00. The property at that time was owned by Hugh A. Moss and John A. Thompson, who are the original mortgagors.

In the spring of 1918, P. H. Wilkinson, then a farmer in the Rosebud District northeast of Calgary, obtained certain seed grain from the Government. Wilkinson at that time had no interest directly or indirectly in the property in Calgary subject to our Mortgage, but in 1919 he made a trade under which he took over the Calgary property subject to our Mortgage.

Immediately the property was registered in Wilkinson's name, the lien in connection with seed grain obtained for the Rosebud farm became a charge against the Calgary property taking priority to our mortgage. There was nothing we could do to prevent Mr. Wilkinson acquiring the Calgary property or to prevent the lien taking priority to our Mortgage.

Wilkinson lived on the property for a long time but paid practically nothing and made little attempt to protect the property from our Mortgage, largely due to the existence of very heavy subsequent encumbrances. The result was that some years ago it became necessary for us to commence foreclosure proceedings under which the property was sold.

It seems to me that this is a case where the Calgary property should never have been subject to the seed grain lien, and I will be glad if you can see your way clear to recommend that the lien should be discharged so far as the Calgary property is concerned.

I do not appear to have the description of the Rosebud land against which the lien was originally charged, but this can no doubt obtained from the Land Titles Office.

and a statement of the amount due under the Crown liens given by J. W. Wilkinson, who evidently at one time owned those lots, was forwarded to them. In their answer to communication of February 12th following they stated that the amount owing on the first mortgage of this property was approximately $6,000.00; that they were trying to sell and might have to pay a commission; that the property was valued at $6,200.00; that the mortgage they were suing on was registered in 1912; they therefore requested that the Department accept the sum of $300.00 in satisfaction of the lien if a sale could be made.

They were advised at that time, that the Department had no authority to effect adjustments but that this case would be brought up for attention as soon as circumstances warranted its consideration.

Homestead Inspector Kembry, reporting under date of September 6th last states that this property is situated at 331-38th Avenue West, Calgary, that the buildings consist of a fairly large house with the garage in the rear--one of the best residential districts in the city. He values the property at $7000.00.

This section was purchased from the C.P.R. who advised that the land had been sold to Wilkinson in 1914 for $11,520.00 and that at the time of cancellation of his contract in March 1921, he owed $12,069.70. The C.P.R. requested removal of those liens from title to this section in February 1925, but were advised that the Department was not in a position to grant their request. Homestead Inspector Wilcox reporting under date of July 14th last advised that this section is all grown up to grass and prairie sage and although there is very little sale of land in this locality he would value the same at $5.00 per acre stating, however, that it is not fit for agricultural purposes until irrigated.

Explanation to Accompany Memo to Council.

In 1915 one Paul H. Wilkinson received advances of seed grain $600.00 and fodder $134.00 from the Dominion executing liens to cover the same on the security of Section 33-15-15-4.

The balance due as on March 31st, 1928, was Principal $465.03 plus accrued interest $282.72 totalling $747.75.

In 1919 he took over title to Lot 11 and Part Lot 10, Block 11, Plan 5584R. Calgary, which was subject to a mortgage for $3500.00 placed by the Trusts and Guarantee Company in 1912. The Mortgagees have foreclosed and taken title and have remitted the sum of $300.00 for a release of said lots from the seed grain and fodder liens which attached thereto in priority to their mortgage when title vested in the name of the Lienee.

The Committee appointed by P.C. 2200 recommends the acceptance of said payment on the conditions as stipulated.

It is proposed to approve their recommendation.

This Department requires three or if possible four copies of the Order-in-Council.

Department of the Interior

Canada

Ottawa, 25th April, 1928.

CLERK OF THE PRIVY COUNCIL
MAY 2 1928
DEPT. OF CANADA

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL.

The undersigned has the honour to report that in the year 1915 one Paul H. Wilkinson obtained advances of seed grain and fodder in the amounts of $600.00 and $134.00 giving as security land liens in favour of the Dominion which were registered against title to Section 33, Township 15, Range 15, West of the 4th Meridian.

On February 1st, 1916, the debtor remitted a payment of $299.70 the application of which liquidated the fodder indebtedness and left a balance due on seed grain as on March 31st, 1928, of Principal - $465.03 and interest at 5% - $282.72 - totalling $747.75.

In 1919, the Lienee, in a real estate transaction took over title to Lot 11 and Part Lot 10, in Block 11, Plan 5584 R. in the City of Calgary, subject to a mortgage for $3500.00 placed thereon in 1912 by the former owner in favour of the Trusts and Guarantee Company, Limited, and on titles vesting in his name the seed grain and fodder liens automatically attached thereto.

The Mortgagees have made application for release of those liens on payment of the sum of $300.00 which has been remitted to the Department through the Seed Grain and Relief Adjustment Board.

An investigation made by the Director of the Debt Adjustment Act of Alberta, a copy of whose report is attached hereto, discloses the facts that the sum now due under the mortgage is approximately $5000.00, that the mortgagees have foreclosed and taken title, and that the sale value of the property is only $5200.00 less commission.

The Committee appointed by your Excellency in Council on November 22nd last P.C. 2200 to deal with the apportionment and adjustment of indebtedness incurred by way of advances of seed grain, fodder and relief, a copy of whose report is also attached, unanimously recommends, in forwarding the payment of $300.00 that it be accepted in full settlement of the seed grain and fodder liens registered against the lots as hereinbefore described in so far as said lots only are concerned and that the balance due on the indebtedness after application of said payment be held against the Section 33, Township 15, Range 15, West of the 4th Meridian. In support of this

recommendation they point out that the lienee's equity in the lots was very small, that the seed grain was not used thereon, that the amount of the mortgage is equal to the actual value of the lots, and that the mortgagees did not have an opportunity to prevent registration of said liens with resultant priority to their pre-registered mortgage.

The undersigned, therefore, in view of all the circumstances and of the recommendation of said Committee as above set forth, and under and by virtue of the provisions of Section 1, of the Act 17, George V., Chapter 51, recommends that said payment of $200.00 be accepted, and that in consideration thereof, authority be given to release Lot 11 and Part Lot 10, Block 11, Plan 5584 R in the City of Calgary, from the seed grain and fodder liens registered against titles thereto as given by Paul H. Wilkinson in favour of the Crown in the right of the Dominion.

Respectfully submitted,

Minister of the Interior.

Re: P. H. Wilkinson, Lot 11 and Part of Lot 10, Block 11, Plan #5584-R., Calgary.

At a meeting of the Board appointed under Order P.C. 2200, held at Calgary on March 9, 1928, at which all members were present, it was unanimously agreed to recommend the acceptance of the sum of Three Hundred Dollars ($300.00) in full settlement of all outstanding liens, covering advances made to P. H. Wilkinson, in accordance with the terms of the report dated March 8, 1928, made to the Board by the Director of the Debt Adjustment Act, a copy of which is attached hereto.

In support of this Recommendation, the Board states that the debtor secured Seed Grain Advances in the year 1915, and that such advances were registered against Section 33 in Township 15, Range 15, West of the 4th Meridian; that in the year 1919 the debtor obtained title to the above mentioned property situate in the City of Calgary and that the liens were later registered against said property; that the debtor's equity in the Calgary property was very small and that the amount now payable on the first mortgage is equal to the actual value of same. The Board further states that as the seed grain was not used on the property referred to herein, and the mortgagees did not have an opportunity to prevent the liens being registered, although the mortgage has been in force since 1912, and the lien is still registered against the farm lands, that the proposed settlement and the payment of $300.00 is fair and reasonable.

The Board, therefore, recommends that the sum of $300.00 be accepted in full settlement of the seed grain liens registered against Lot 11 and part of Lot 10, Block 11, Plan 5584-R., Calgary, and that in so far as said lands only are concerned, that the said liens be discharged so that the mortgagees may secure clear title to the property, the amount paid being credited on the liens payable by the said P. H. Wilkinson also charged against Section 33-15-15-4.

The Board further recommends that the balance due on said liens be held against Section 33-15-15-4.

Dear Sir:-

Re : Lot 11 and part of Lot 10, Block 11, Plan 5584-R Calgary, Dominion Liens.

The undermentioned advances were made by the Dominion Government to P. H. Wilkinson in 1915, when he was farming Section 33-15-15-4, but not registered against the above City property until October 25th, 1919, when he obtained title to the same by trade:

Seed Grain Lien	$600.00	1915
Seed Grain Lien	134.00	1915

there being a balance due at date as per Financial Controller's statement of:

Principal	465.03
Interest	282.72
Total	$747.75

The Trusts and Guarantee Company held a mortgage against this property for $3,500.00 registered on November 12th, 1912, at which time it was owned by Messrs. H. A. Ross and J. A. Thompson, and there is now due under this mortgage the sum of approximately $5,000.00.

This Company is making application for the release of the Dominion Liens and has paid $300.00 as a consideration therefor, pointing out that the sale value of this property is only $5,200.00, and they may have to pay a commission on the sale.

They further inform me that Wilkinson lived on this property for a long time, but paid practically nothing and made little attempt to protect the same from their mortgage, probably due to the existence of heavy subsequent encumbrances. This necessitated taking action under their mortgage in order to be in position to realize on the property.

I have investigated and find that the dates of registration, as set forth above, are correct; that the price quoted as being sale price is a generous one, the assessed value as per City roll being $3,437.00, and, in view of the fact that

the Mortgage Company could do nothing to prevent Wilkinson acquiring this property, or to prevent the Dominion Liens taking priority to their mortgage, I would recommend that the offer of the Mortgage Company be approved and that the cheque attached hereto for $300.00 be accepted for a full discharge of the Dominion Liens registered against the property aforementioned but would ask that this sum be held in trust and available for return to the Mortgage Company, should this settlement not be approved, since this was the understanding under which the money was paid to this office.

Adverting to your application to purchase the unpatented portion of the fractional S.W. ¼ Section 27, Township 56, Range 16, West of the 4th Meridian, I beg to advise you that it has been decided to permit you to purchase the area containing 93 acres at the rate of $5.00 per acre.

The sale will be subject to your filing evidence of ownership of the patented portion of the quarter section. Such evidence may be either in the form of an abstract of title or duplicate certificate of title which latter, if forwarded, will be returned after having served the purpose of the Department. An abstract of title may be secured from the Registrar, Land Titles Office, Edmonton.

Either the whole of the purchase money should be forwarded to the Agent of Dominion Lands, Edmonton, to whom a copy of this letter is being sent for his information, on or before the 15th January next, or one-fourth of the amount within that time limit and the balance in three equal annual instalments with interest thereon at the rate of 6% per annum. Overdue instalments will be subject to interest at the rate of 7% per annum.

Should a further survey be made of the parcel in question before the issue of patent, the area which may be shown on the new edition of the township plan will constitute the basis of the sale.

I may add that the sale in this case will be subject to the right of the Province to take for road purposes without compensation prior to the issue of patent such land as may be required not to exceed two and one-half per cent. of the total area, and likewise subject to the right of the Province to take such area as may be required for right-of-way in connection with drainage projects not to exceed one per cent. of the total area. In the event of a deduction in area being made for either or both of these purposes, the account will be adjusted accordingly.

Your obedient servant,

Acting Commissioner.

ELIGIBILITY FOR SOLDIER GRANT ENTRY:

"Settler" means a person who at any time during the war has been therein engaged on active service in a military force:—

(1) of Canada—and has served out of Canada; or, wherever he may have served is, by reason of disability incurred or aggravated as the result of such service in receipt of a pension; or,

(2) of his Majesty or of any of His Majesty's Allies—and, being ordinarily resident in Canada when he enlisted in or otherwise became a member of such force, has served thereafter out of Canada, in a theatre of actual war; or,

(3) of his Majesty or of any British Dominion or Colony—and has served out of the country wherein he enlisted or otherwise became a member of such force in a theatre of war; and has been otherwise than dishonourably discharged from such force, or has been permitted to honourably resign or retire therefrom, or, without fault on his part, has been dispensed from further service therein; and the widow of any person who died on active service and who, but for his death, might be a settler as now defined, shall be capable of being a settler in her deceased husband's right.

Soldier entry on Dominion Lands under the provisions of these Regulations may be granted to any person certified to be a "Settler" by the Board, but unless the Board shall for special reasons otherwise recommend, no such free grant shall be made to any settler who,—

(a) has pursuant to the provisions of the Soldier Settlement Act, 1919, purchased from the Board any land; or,

(b) has pursuant to the provisions of the said Act or of the former Act, secured from the Board any advance of money for the clearing of encumbrances on, or the purchase of, or the improvement of, any land; or,

(c) is owner of or has a vested possessory interest in agricultural land of such area as, in the opinion of the Board, constitutes an average farm for the district within which the land is situated, or which, in the opinion of the Board, is of the value of five thousand dollars.

Unless otherwise determined by the Board, every applicant for soldier entry shall be required to make a declaration in the form prescribed by the Board that he is not by reason of the foregoing provisions debarred from such entry. Where such declaration is subsequently found incorrect in any material particular the entry, if granted, shall be liable to cancellation.

Regulations relating to conflicting claims by adjoining settlers.

Sections 33 to 35 of the Soldier Settlement Land Regulations, 1918, read as follows: —

CONFLICTING CLAIMS

33. In the event of there being more than one applicant claiming the prior right of entry under the preceding section, the priority of their claims shall be determined by the priority of the dates of their respective entries, or the commencement of residence in the case of squatters before survey.

34. To ensure due consideration being given to the rights of all persons claiming priority, the Agent shall receive all applications for entry offering under the preceding section, if requested to do so, but shall issue no certificate for entry for such land until the close of the office hours of the day on which the prior right of entry is considered; or until the evening of the following day;

Provided that if the Agent is advised by wire or otherwise on such day by a Sub-Agent or a local representative of the receipt by him of an application for entry from a person claiming a prior right of entry for the land affected, and it is evident from the records that such person, by reason of the priority of date of his entry for or commencement of residence on the adjoining homestead has a better claim than any of the other applicants appearing in person, the Agent shall hold the land until such application made before the Sub-Agent or local representative has been received;

Provided further that if on account of sickness or other satisfactory reason shown to the Agent, a settler who according to the records has a prior right of entry over all other applicants, is unable to appear in person on such day, the Agent may hold the land for such settler for a reasonable length of time, reporting immediately all the circumstances of the case to the Board:

Provided also that if the Agent is in doubt as to the priority of any applicant, he shall not grant entry on the land affected, but refer the matter to the Board for consideration.

35. Any land which, after having been posted in the manner hereinbefore described, has not been first entered for by an adjoining settler on the first day on which such land became available for entry, or if it has not been reserved for any of the reasons above mentioned, it shall be open for entry on the following day to any settler eligible to make entry under these regulations.

Dear Sir:

Re: NW. 5 & SW. 8-78-21-W.5th.

We have been informed by E.F. Gamache, Barrister, Falher, Alberta, that there is a Dominion lien registered against the above lands in the name of Henry Chailler.

Although Mr. Gamache does not mention the amount of the lien we believe that it is our lien for $33.00 which was advanced on the security of the N.E. 9-55-11-W.4th on the 14th of April, 1917.

It is possible that this lien has become attached to the other lands mentioned in error.

If our lien for $33.00 is registered against the N.W. 5 and S.W. 8-78-21-W.5th you are hereby authorized and requested to remove it from these two lands.

Yours very truly,

Deputy Registrar of

Re: Account of Henri Chailler
S.W.¼ 33-79-21-W.5th &
N.E.¼ 9-55-11-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1917 seed grain amounting to $33.00 was advanced to Henri Chailler on the security of the above mentioned lands. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$33.00	$62.70	$95.70

Patent was issued in the name of Henri Chailler for the N.E.¼ 9-55-11-W.4th on the 1st of June, 1917. The S.W.¼ 33-79-21-W.5th was formerly the second homestead entry of the debtor which also became subject to the lien.

According to an Abstract of Title dated the 13th of January, 1956, the N.E.¼ 9-55-11-W.4th now stands in the name of a Mr. George Orlecki of Duvernay, Alberta, clear of any encumbrance; while an Abstract of Title dated the 13th of January, 1956, shows the S.W.¼ 33-79-21-W.5th as registered in the name of a Mr. Rosaire Savard of Jean Cote, Alberta, also clear of any encumbrance.

As the lien is not registered against the land and there is no further security for the lien, it is recommended that the indebtedness be cancelled.

AND I make this solemn declaration conscientiously believing the same to be true and knowing that the same is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act.

DECLARED before me

at Peace River Alberta

this 8th day of July 1947 J F Montour (Signature.)

A B Spence

and (~~Justice of the Peace~~) Comm.

Where the applicant is unable to subscribe to the statements in paragraphs (a), (b) and (c) of this Declaration he is not to be granted entry unless he produces special authority from the Soldier Settlement Board or the District Superintendent. Applicants who are unable to subscribe to paragraphs (a), (b) and (c) should therefore take their cases up with the District Superintendent of the Board, explaining on what grounds they are applying for special authority.

Sub Section 2 of Section 15 of the Soldier Settlement Act, 1919, provides as follows:--

"Unless the Board shall, for special reasons, otherwise recommend, no such free grant shall be made to any settler who,

(a) has, pursuant to the provisions of this Act, purchased from the Board any land; or,

(b) has, pursuant to the provisions of this or of the former Act, secured from the Board any advance of money for the clearing of encumbrances on, or the purchase of, or the improvement of any land; or,

(c) is owner of, or has a vested, possessory interest in agricultural land of such area as, in the opinion of the Board, constitutes a reasonable farm for the district within which the land is situated, or whose land in the opinion of the Board, is of the value of five thousand dollars."

If the settler is unable to subscribe to the statements in paragraphs [illegible] and [illegible] of the Declaration, he is not to be granted entry unless specially recommended by the Board.

With respect to the information called for in paragraphs [illegible] and [illegible] of the Declaration, the Soldier Settlement Board considers that a reasonable farm unit may be considered an average farm for the western provinces for the purposes of Section 15 of the Act. It, therefore, from the information furnished by the settler, it appears that he is owner of, or has vested, possessory interest in agricultural land of the [illegible] to a half section (320 acres more or less) the settler's application should be entertained, unless he has been specially recommended for entry by the Board.

If the applicant is owner of, or has vested, possessory interest in agricultural land the value of which is $5000, he would be deemed disqualified unless he has been specially recommended by the Board. To The Secretary of the
Dept. of the Interior.

Dear Sir

I own and farm the land in the N.E. 31. 38. 19. 4th. and a part of the section 5. and all of block D. this land lies on both sides of the road running East and West between the townships 38. and 39.
Block D is in T. 39. also the portion of section 5. is in 39.

Between these pieces of land there is a Lake, on a map that I have seen the Lake is called Cold Lake, the road allowance between Township 38 and 39 runs through this and of course is impassable and not used, some years ago a road was surveyed on the East side of this Lake running North and South this road also is not used owing to high water,

Would it be possible for me to purchase this Lake so as to allow me to fence my property, there are I should judge some about 35 acres of land under this water, I could get the consent of the property owners who own the land bordering on this Lake as they have both told me to go ahead and do as I wish in the matter.

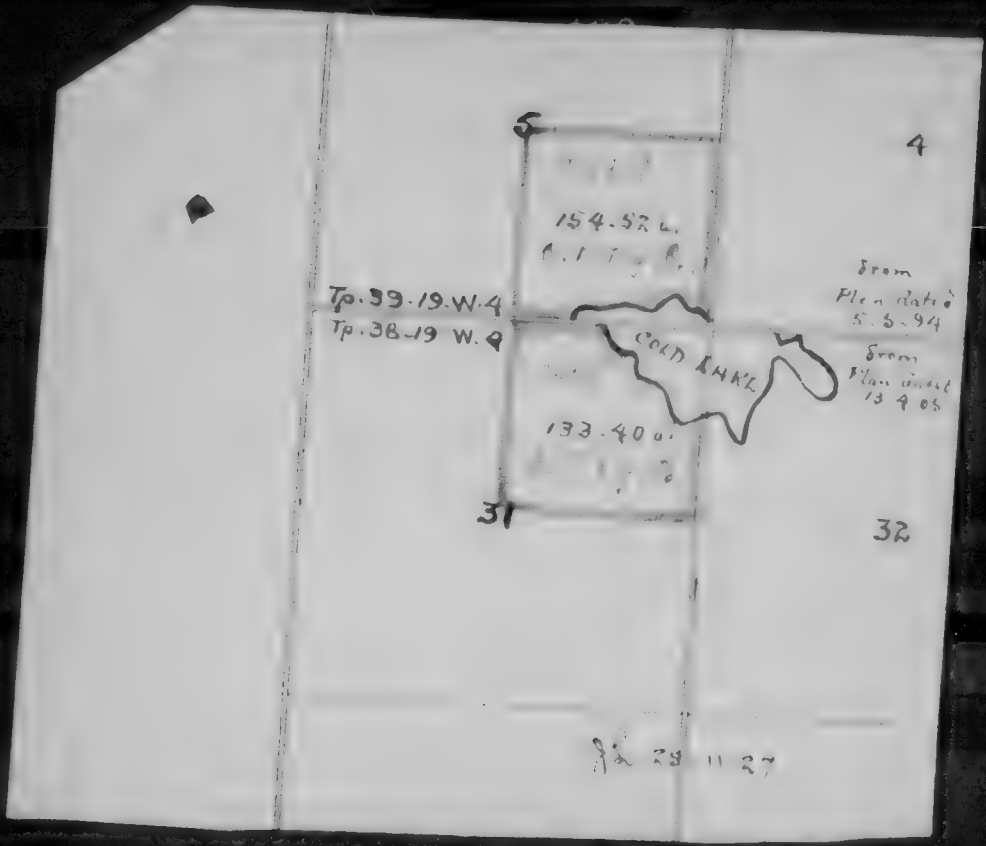

The Lake can be drained through my land so as to allow my property to get cleaned up and put in a sanitary condition, this is the main reason of my buying the land,

I am sending you a blue print so as to give you as little trouble as possible in locating the lay out, be good enough to return blue print and oblige.

I am willing to pay for the information and ask you to give me the necessary knoledge as how to procede, thanking you in advance

and Public Lands Division,
Dominion Lands Administration,
Department of the Interior.

With reference to your memorandum of the 29th ultimo respecting the proposed drainage of Cold lake in townships 38 and 39, range 19, west of the 4th meridian, I beg to enclose for your information a copy of our
Encl. memorandum of July 10th, 1928 to Mr. B. Scott, Dominion Lands Branch, and a copy of our engineer's report of July 3rd, 1928, in connection with the engineering investigation carried out in connection with this scheme.

You will observe from the enclosures that following a careful investigation of the matter in the field by our engineering service it was determined that the scheme proposed for the drainage of Cold lake was found to be not economically feasible and accordingly the application therefore was cancelled in the records of the department.

On July 10th, 1928 the Commissioner of Irrigation, Calgary, Alberta, was advised of this action and instructed to inform the applicant, Mr. John H. Wright, to this effect.

Calgary, July 3, 1928.

Commissioner of Irrigation,
Dept. of the Interior,
Calgary, Alta.

Sir,-

I beg to submit the following report on my inspection in connection with the application of John H. Wright of Stettler to drain a slough (Cold lake) in tps. 38 and 39, range 19, W. of 4th mer.

Date of inspection: June 1st, 1928.

Cold lake is within the limits of the town of Stettler, although south of the Canadian National Railway and not in the part laid out for building lots.

It is an alkaline slough and at times smells very bad owing to either its natural constituents or to creamery waste which runs into it.

Mr. Wright has recently purchased the quarter (NE.31-38-19-4) in which the lake is chiefly situated and intends to live on it; he hoped to mitigate the nuisance of the smell by draining Cold lake and then spreading the creamery sewage as irrigation water.

I took levels from Cold lake to a coulee about 1200 feet distant into which Mr. Wright hoped to drain it, and found the ground-level in the coulee was the same as the water level of the lake with a rise of 9.7 feet between.

As the lake appeared to be about 3 feet deep, it was necessary to deepen the coulee for some distance.

Following it down we came to some culverts through the C.N.R. which would also require lowering.

The expense of this was more than Mr. Wright anticipated (as he had been informed that the coulee was 13 feet below the lake) and he decided to abandon the idea.

I accordingly recommend the cancellation of the application.

Your obedient servant,

(Sgd) F.R.Burfield.

Where the applicant is unable to subscribe to the statements in paragraphs a, b and c of the Declaration, he must be granted such relief by previous special authority from the Soldier Settlement Board or the District Superintendent. Applicants who are unable to subscribe to paragraphs a, b and c should therefore get their case up with the District Superintendent of the Board, explaining exactly where they are applying for special authority.

Sub-Section 2 of Section 15 of the Soldier Settlement Act, 1919, provides as follows:—

"Unless the Board shall, for special reasons, otherwise recommend, no such first grant shall be made to any settler who,

(a) has, pursuant to the provisions of this Act, purchased from the Board any land; or,

(b) has, pursuant to the provisions of this or of the former Act, secured from the Board any advance of money for the above purposes or any of them on the purchase of, or the improvement of any land; or,

(c) is owner of, or has a vested, possessory, or contingent interest in any such area as in the opinion of the Board, can be made into a reasonable farm for the district within which the land in respect of which the application is made is situate, due regard being had to the quality of the land and to the area of land which in the opinion of the Board is necessary to constitute a reasonable farm unit in the district."

If the settler is unable to subscribe to the statutory declaration marked **a**, **b** and **c** of the Declaration, he must not be granted the assistance recommended by the Board.

With respect to the information called for in paragraphs **d** and **e** of the Declaration, the Soldier Settlement Board considers that as a matter of policy the Board should not lend money for the working purposes mentioned in Section 15 of the Act. However, where the interest on money lent by the Board under Section 15 of the Act or the Advances to Settlers Act is in arrears, the Board may, in its discretion, agree to make a further loan to the settler for working purposes, if the settler has been specially recommended for such loan by the Board.

If the applicant is married, or has a widowed mother or sister dependent upon him, the name of which should be shown in the space provided for that purpose, such person will be considered by the Board when dealing with the application.

For the purposes of Section 15 of the Act, land owned by the settler's wife or by any person dependent upon him will be considered as land owned by the settler.

Re N.E.¼ 13-9-25-W.4th.

Dear Sir:

On behalf of Calgary & Edmonton Land Company Limited, we are trying to clear up title to this land and we find against it Seed Grain Lien for $84.00 and interest in favor of the Dominion Government made in 1915 by Josiah Orr who was then a purchaser of the land in question under contract from the said Company, but who is unable to complete his purchase.

We understand that this man has or had other land in the same vicinity and we will be glad to know how this item appears on your books, i.e., whether it is charged wholly against the above quarter section or whether you have apportioned or can apportion it so as to charge at least a part thereof against such other lands.

Yours truly,

Tax Lawsuit to Town[illegible]ner No. 6171.
[illegible] Lane, Ogle Co.

The above land together with others is sold at public sale, made by the Collector thereof to the County, and in which request there is outstanding as of March 1st, 1945, a sum of five hundred and ninety dollars and forty cents ([illegible]).

This particular quarter section was taken over by the municipal district of right under tax recovery proceedings and sold for a sum of one thousand two hundred and eighty dollars (1,280.00), which is the fair sale value of the same as duly approved by the Minister of Municipal Affairs.

[illegible] municipality has now requested a compromise of the indebtedness in order that a clear title to the land may be transferred to the purchaser and the actual taxes thereon plus interest and five dollars (5.00) costs thereon, amounting in all to [illegible] (1,[illegible].24), be paid.

I would recommend that after deducting costs in the sum of five dollars (5.00) the balance of the purchase price, which will result in the following distribution.

Costs	3.00
Mechanics Liens	300.00
Taxes	771.00

I would further recommend that after the fee allotted to the mechanics account has been duly applied thereto all liens taken against the S. W. 14-9-[illegible]-4 be discharged.

These liens are also registered on title to the S. E. 14-9-[illegible]-4 and it is not possible to finally deal with the account until this parcel has been disposed of.

Dear Sir: Re: NE 13 and Josiah Orr
NW 14-9-25-W.4th
Dominion and Joint Relief Advances
Supplementary to Board Orders Nos 8131 and 8812

The debtor named above obtained the following Dominion and Joint Relief Advances for which liens were filed against the titles to the lands shown above.

Dominion Advances	
Fodder 1915	$84.00
Seed Grain 1915	18.30

Joint Relief Advances

Feb. 24th,1920	[illegible].00
April 27th,1922	172.05
	447.55
Interest to June 3 th,1954	1,17[illegible].33
	$ 1,617.88

Board Order No. 8131 dated April 21st,1943 provided that the proceeds of tax sale of the S.E. 13-9-25-W.4th in the sum of Nine hundred and sixty-six dollars and twelve cents ($966.12) received by the Municipal District be applied pro-rata on account of the costs, Dominion Liens and arrears of taxes and the sum of Four hundred and sixteen dollars and thirty-three cents ($416.33) was applied to the above Dominion Advances account.

The Municipal District also acquired title to the N.E. 14-9-25-W.4th through tax recovery proceedings and the proceeds of the sale were dealt with under Board Order No. 8812 dated April 17th,1945. Under the terms of this Board Order the Dominion Advances account was credited with Three hundred dollars($300.00) and the liens were retained against the title to the N.E. 13-9-25-W.4th.

The matter of Joint Relief Advances outstanding was not taken into consideration when the recommendations to the Board were prepared.

According to recent information received from the Land Titles Office the Joint Relief liens filed against the title to the remaining security being the N.E. 13-9-25-W.4th were cancelled from the title on January 16th,1929 due to the fact that the municipality obtained title through tax recovery proceedings, but these liens were not re-instated when the debtor and former owner redeemed the land by payment of taxes and as a result liens for Joint Relief Advances do not appear on the present title. However the ledger account is still maintained in the records of this office.

The debtor transferred the N.E. 13-9-25-W.4th to his wife, Mrs. Margaret Orr in the year 1932 and the transfer was registered December 13th,1939.

The debtor was nearing the age of 90 in the year 1953 when he entered a hospital suffering from cancer and died in November of that year. As a result of his last illness considerable medical and hospital accounts were incurred. Mr. Orr also left other obligations owing and two of his sons are endeavouring to effect settlement of the various liabilities and have approached this office for a compromise settlement. An offer and payment of One hundred dollars ($100.00) has been received for settlement in full.

Reference to the account for Dominion Advances shows that a substantial recovery has been made, this being the full principal amount together with Three hundred and fourteen dollars and three cents ($314.03) on account of interest charges.

In view of the above circumstances I would recommend that the payment of One hundred dollars ($100.00) be accepted and this amount be applied on account of Joint Relief Advances and that after making this application both accounts be adjusted so that same will stand paid in full and the liens be withdrawn.

Provincial Seed Grain Advances in the sum of One thousand two hundred and thirty-five dollars and fifty-two cents ($1,235.52) together with accrued interest have already been cancelled.

Yours truly,

DOMINION LANDS

Re Lot 33, Fitzgerald Settlement, Alberta, area 12 acres.

I beg to submit for your consideration the application of Malcolm F. Morris to purchase the above-mentioned lot. The survey of this settlement was made to meet the requirements of the settlers at this point in 1912 by A. P. Neville, D.L.S.

A sketch showing Lot 33 coloured red is on file underneath. The Agent of Dominion Lands at Fort Smith in a letter dated the 14th November last reported that this lot is vacant and adds, "As the applicant is a married man and has resided in Fitzgerald for some three years I think it only reasonable that he should be allowed to purchase this lot." Mr. Morris states in his letter of application dated the 18th November last that he has built a dwelling on Lot 33 and has been living thereon for the past few years.

Lot 33 is available according to the records of this Department.

Under the provisions of the Order in Council passed on the 14th July, 1919, the Minister was authorized to dispose of lots in the different northern settlements to the respective applicants therefor without such lots having been previously inspected and valued at a rate of not less than $3.00 an acre. Recent payments for lots in this locality have been made at the rate of $5.00 an acre.

AFFIDAVIT in support of application for soldier entry for

quarter of section 21

Township 44 Range 25 W. Meridian 2

I, Harold E. Johnson of Calgary

in the Province of Alberta do solemnly declare

as follows:

(a) That I have not purchased any land from the Soldier Settlement Board under the provisions of the Soldier Settlement Legislation;

(b) That I have not pursuant to the provisions of the Soldier Settlement Legislation, secured from the Board any advance of money for the clearing of encumbrances on, or the purchase of, or the improvement of, any land;

(c) That I have no application at present pending to purchase any land from the Board or to secure advances from it for the purposes mentioned in paragraph (b) hereof;

(d) That I am not an owner of, nor have I a vested, possessory interest in, agricultural land except the following: —

DESCRIPTION	Area	Assessed Value	Present Selling Value
NW ¼ Sec 21 Tp 44 Rg 25 W 4 Mer	160	1600	4
¼ Sec Tp Rg W Mer			

(Give description, area, assessed value and present selling value of each parcel of land owned.)

(e) That my wife or husband is not an owner of, nor has Her or his vested, possessory interest in, agricultural land except the following: —

DESCRIPTION	Area	Assessed Value	Present Selling Value
¼ Sec Tp Rg W Mer			
¼ Sec Tp Rg W Mer			

(Give description, area, assessed value and present selling value of each parcel of land owned.)

AND I make this solemn declaration conscientiously believing the same to be true and knowing that the same is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act.

DECLARED before me at the [illegible]
in the [illegible] of [illegible]
this 16th day of [illegible] 1924
A.D.

(Signature)

J.P. or Commissioner.

Where the applicant is unable to subscribe to the statements in paragraphs (a), (b) and (c) of this Declaration he is not to be granted entry unless he produces special authority from the Soldier Settlement Board or the District Superintendent. Applicants who are unable to subscribe to paragraphs (a), (b) and (c) should, therefore, take their cases up with the District Superintendent of the Board, explaining on what grounds they are applying for special authority.

Sub-Section 2 of Section 15 of the Soldier Settlement Act, 1919, provides as follows:—

"Unless the Board shall, for special reasons, otherwise recommend, no such free grant shall be made to any settler who,—

(a) has, pursuant to the provisions of this Act, purchased from the Board any land; or,

(b) has, pursuant to the provisions of this or of the former Act, secured from the Board any advance of money for the clearing of encumbrances on, or the purchase of, or the improvement of, any land; or,

(c) is owner of, or has a vested, possessory interest in agricultural land of such area as, in the opinion of the Board, constitutes an average farm for the district within which the land is situated, or which in the opinion of the Board, is of the value of five thousand dollars."

If the settler is unable to subscribe to the statements in paragraphs marked (a), (b) and (c) of the Declaration, he is not to be granted entry unless specially recommended by the Board.

With respect to the information called for in paragraphs (d) and (e) of the Declaration, the Soldier Settlement Board considers that as a rule a farm of 320 acres may be considered an average farm for the western provinces for the purposes of section 15 of the Act. If, therefore, from the information furnished by the settler, it appears that he is owner of, or has vested, possessory interest in agricultural land of an area amounting to a half section (320 acres more or less) the settler's application is not to be entertained, unless he has been specially recommended for entry by the Board.

If the applicant is owner of, or has vested, possessory interest in agricultural land the value of which is $5,000, he should be deemed disqualified unless he has been specially recommended by the Board. The present selling value of the land is to be accepted as its value for the purposes of the affidavit.

For the purposes of Section 15 of the Act, land owned by the husband or wife of the applicant is deemed to be owned by the applicant.

Replying to your memorandum of April 24, C. 1.19 (Lands) Manitoba, 2 parts, I enclose herewith the areas of the Manitoba portion of Sec. 10, Twp. 37-24-4 as they would have appeared on the latest edition of the Dominion Land Survey Plan if the Province had been extended prior to the date of the Plan.

The difference between the areas as shown on the 1st edition of the Plan and those shown on the 2nd edition of the Plan although comparatively small in part to the correction of the waters of the lake and in part due to a closer determination of the land, made by H.M.S. Boris, H.D.S. in 1917.

Re: N.W.¼ 13-57-24-W.4th Mer.

An application to acquire the accrued dried up land in the above mentioned quarter section is under consideration and with reference to your memorandum of the 9th of June last, I would inquire if you are in a position to furnish a description of the area in question.

The land area in the quarter was patented according to the plan of survey of the township dated the 28th of September, 1883 and title conveyed the under rights.

Memorandum:

Referring to your memorandum dated 22nd August on file 522053? herewith, it would appear that the additional land in the northwest quarter of section 13, township 57-24-4, is to be conveyed to the owner of the portion already patented. It might therefore be described as comprising those portions of the quarter-section as shown on the township plan dated 27th December, 1913, which were not conveyed by the previous letters patent. Since no area is shown on the official plan, a special plan showing the present area will be issued upon request from you.

It is noted that your memorandum states that the title conveyed the under rights, but according to the Abstract of Title attached to the file, mines and minerals are reserved.

File 1523813 is also herewith.

Kindly verify your report on a memorandum dated the 18th June last in which it is indicated that the N.W. 13-57-24-W. 4th Mer., patented to the C.P.R. Co. in 1901 conveyed the mineral rights as according to an abstract of title on file hereunder mineral rights were reserved.

According to our records, N.W. 1/4 13 was Pat'd 8 July'01 to C.P.Ry Co. the record does not show that it was a Pat'd 1/4 Sec and it was Pat'd without reserve & find the 1/4 sec is fractional and only a part was covered by the Pat the fiat does not give area of the 1/4 Pat'd. Re: Unpatented portion of the

containing 44.8 acres.

The British Dominion Land Settlement Corporation who have filed an abstract of title showing that company to be the registered owner of the patented portion of the quarter section have made application to acquire the above described area which is to be charged against their exchange account established when they reconveyed to the Crown an area of 462.10 acres including both surface and mineral rights.

In this connection kindly refer to a memorandum dated the 28th December, 1926, marked, on file 1528813 herewith and to the decision endorsed thereon in which the company are granted permission to select other lands in lieu of those surrendered. Such area selected in lieu thereof to be charged against their credit of 462.10 acres.

As the company revested both surface and mineral rights of the lands surrendered I beg to recommend that a patent for the 44.8 acres above mentioned be issued on the same form as the patent issued for the balance of the quarter section which also conveyed both surface and mineral rights and that the area of 44.8 acres be charged against the company's exchange account of 462.10 acres.

This Division has received a fiat for patent for insertion of the description of the dried-up unpatented portion of the above-mentioned quarter section.

With reference to your memorandum of the 9th June last, file 57-24-2, and the sketch accompanying the same showing the areas of the dry land in this quarter section, as the said quarter section is shown on the latest township plan, in which you stated the difference between the areas on the sketch and those shown on the first edition of the township is 44.8 acres, I beg to point out that it appears that portions of the quarter section which is shown as dry land on the first edition of the township plan which was patented, are comprised in Lake No. 2, as shown on the latest plan. The area to be patented now would not be the difference mentioned above therefore, and I beg to request that you furnish the area of the unpatented dry land in this quarter section.

Memorandum:

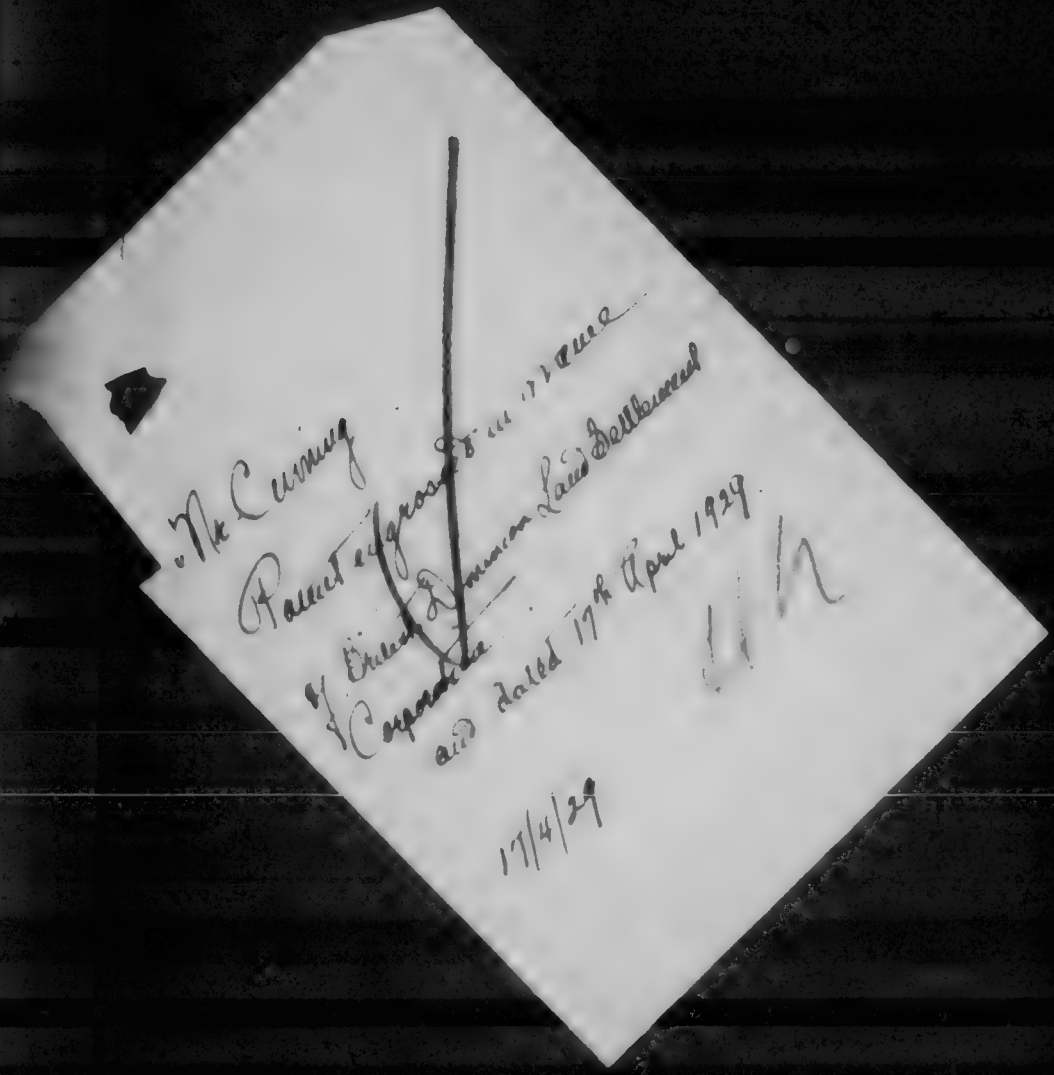

Referring to your memorandum dated the 14th March, file 5220587, Lake No. 2, which affects the northwest quarter of section 13, township 57, range 24, west of the 4th meridian, was originally surveyed by D. Beatty, D.L.S., in 1882, and his survey is shown on the first edition of the township plan. It was again traversed by J. K. McLean, D.L.S., in 1900, and by H. M. R. Soars, D.L.S., in 1917. These surveys are shown on the second and third editions of the township plans, respectively, and they agree quite closely with each other.

The returns of Beatty's survey show that he made measurements around the outside of the lake but made no measurements to the islands, except at the points where one of them is crossed by the east boundaries of sections 14 and 23. According to the later surveys, the land which formsthese islands is now part of the mainland and the points of intersection of the bank with the east boundaries of sections 14 and 23 agree closely with the points shown on the original survey.

Since the outlines of the islands as shown on the original plan evidently were obtained merely by sketching, the discrepancies mentioned in your memorandum are regarded as being due to error of survey while the differences in the outer bank of the lake are due to recession of the water. We are, therefore, unable to furnish any information better than that given in my previous memoranda.

Surveyor General.

Re: Your File #5220587, Fiat #486066,
Our File Pt. N.W.¼ 13-57-24-4.

In response to your notice of April 20th, before taking up the patent for the additional area we should like to have a copy of the D.G.S. 27th December, 1918. In particular we should like to know how much of the N. W. ¼ lies to the North and West of Lake #2.

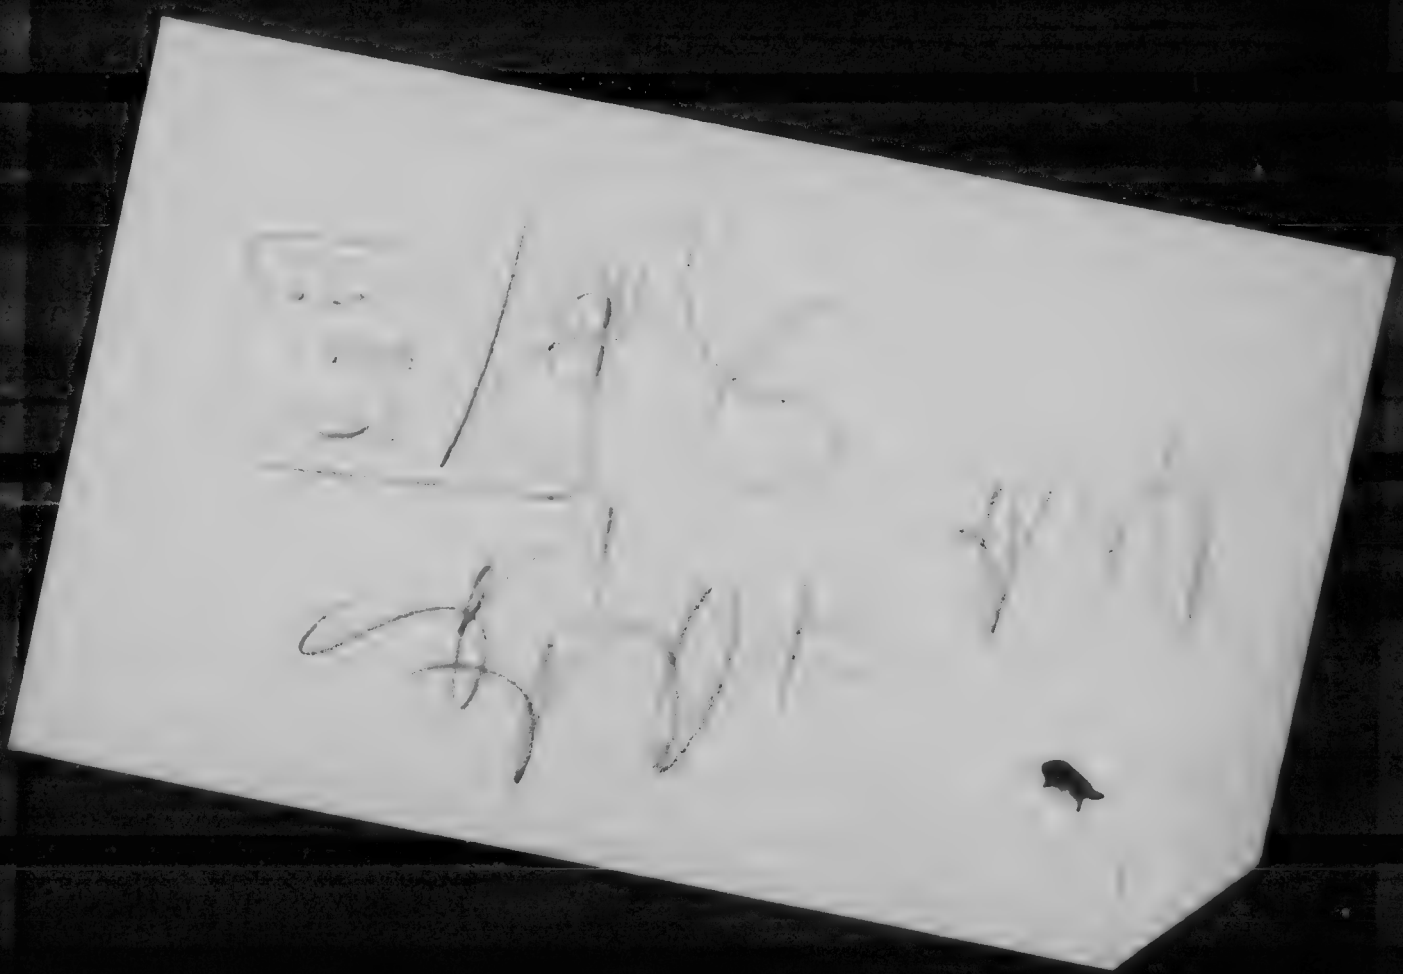

According to the survey of the 5th of June, 1901, there was one acre North West of the Lake and the total area of the quarter section was 129 acres. What is the present total area of the quarter section?

FILE

7th July, 1931.

Sir,

E½ 35-50-1-W.5th M.
Your Files 4110 G.L. & 4111 G.L.

With further reference to your letter of the 3rd ultimo, regarding an application from the British Dominions Land Settlement Corporation, Limited, I beg to say that the Western Canada Land Company, Limited, acquired a large tract of land which had been patented to the Canadian Pacific Railway Company, in which three quarter sections aggregating 462.10 acres were found to be occupied, and in order that the squatters thereon might obtain entry it was arranged that the Land Company reconvey to the Crown these three quarter sections and select other parcels in lieu thereof, and it was also decided that the Company might exercise their right of selection so as to enable them to acquire title to dried up areas of quarter sections where they held title to the balance thereof.

The Western Canada Land Company, Limited, assigned all their rights and interests to the British Dominions Land Settlement Corporation, Limited, and the latter, therefore, had credited to them the 462.10 acres above referred to and have had patented to them the following parcels:-

Part SE¼ and part SW¼ 35-50-23-W.4th M. acres.	- 79.60
Part NE¼ and part SE¼ 31-50-23-W.4th M. acres.	- 63
Part NW¼ 13-57-24-W.4th M. acres.	- 44.80
Part SE¼ 35-50-28-W.4th M. acres.	- 32.30
Total -	219.70

acres, leaving a balance due the Company of 242.40 acres.

As in your letter above referred to, you intimate that the balance still due the said Corporation is 122.40 acres only, thus showing a difference as against the Company of 120 acres, the Department would appreciate your furnishing further information in the matter.

Your obedient servant,

John Harvie, Esq.,

Sir,

Re frac. S.E.¼ 24-52-9, W.4th M.

I have your letter of the 18th April last making application on behalf of a certain party to purchase the fraction of about four acres comprised within the quarter-section above mentioned, and in reply to say whereas it has been found impossible to identify the land referred to I am enclosing herewith a plan of Township 52, Range 9, West of the Fourth Meridian, and would ask you to mark thereon the land referred to, and return.

I may add that under the regulations Dominion lands are not for sale except in the case of fractional areas of 80 ac. or less which may be disposed of to the owner of or entrant for an adjoining quarter-section at a price to be determined by an officer of the Department.

Under the circumstances, the person on whose behalf you are writing should be requested to make application over his own signature for permission to purchase the land to which you allude, and in doing so furnish a description of the land which he owns and whereon he resides in the vicinity, with details of his equity therein; and the matter will be given further consideration.

Sir,

With reference to your application to purchase the fractional South East quarter of Section 24, Township 55, Range 5, West of the 4th Meridian, North of Lobo, I beg to say that it has been decided to permit you to purchase this fraction, comprising 1.0 acres, at the rate of ($.00) an acre.

The sale will be subject to your furnishing the Department with evidence in the form of an abstract of title or your duplicate certificate of title showing the adjoining North East quarter and West half of Section 24, Township 55, Range 5, West of the 4th Meridian to stand in your name. If you forward the latter document it will be returned after being examined.

The price of the purchase money, namely $0.00, should be remitted to the Agent of Dominion Lands, Edmonton, to whom a copy of this letter is being sent for his information, on or before the 14th December next. As the proceeds of the sale in this case will amount to less than $100.00, it will be necessary, in accordance with the departmental practice for you to remit a patent fee of $1.00 in addition to the purchase price.

Should a further survey be made of the parcel in question before the issue of patent, the area which will be shown on the new edition of the township plan will constitute the basis of the sale.

The sale in this case will be subject to the right of the Province to take for road purposes without compensation prior to the issue of patent such land as may be required not to exceed two and one-half per cent. of the total area, and likewise subject to the right of the Province to take such area as may be required for right of way in connection with drainage projects not to exceed one per cent. of the total area. In the event of a deduction in area being made for either or both of these purposes, the account will be adjusted accordingly.

Acting Commissioner.

OFFICE OF THE GENERAL SECRETARY,
METHODIST MISSION ROOMS,
TORONTO, ONT.

5235639

Toronto, August 18, 1886.

Sir:

In previous correspondence with the Indian Department I have had occasion to refer to the unsatisfactory tenure by which we hold our mission property on the various Indian Reserves in Ontario. The same thing is true to a certain extent in the North West, and we are very desirous to have our claims so adjusted as to prevent complications in the future.

What we desire is that in connection with Indian missions of long standing in the North West we receive a patent for 320 acres adjoining the premises if possible; but where this cannot be done in consequence of the boundaries of the Reserve being already fixed, then that we be allowed to select in the most convenient location outside of the Reserve.

I append herewith a statement showing the location of our Indian missions in the North West, the number of years since they were established, and the quantity of land asked for. As most of these points were occupied by us before the country was ceded to the Canadian Government, I assume they can be dealt with exceptionally, while such missions as may be established in the future will come under such regulations as may be adopted from time to time by the Department.

This letter will be presented by the Rev. John McDougall, who is thoroughly conversant with all phases of the Indian question, and who will be able to give all necessary information touching the missions here mentioned, and the claims now made.

I have the honour to be,

Sir,

Your obedient servant,

(Sgd.) A. Sutherland,

Genl. Sec'y.

The Right Honourable
The Supt. General of
Indian Affairs,
Ottawa.

OFFICE OF THE INDIAN COMMISSIONER,

Regina, 27th January, 1887.

Sir:

I have the honor to inform you, with regard to the preparation of plans by Mr. Nelson, of the Bear's Hills Reserves, that it is necessary to decide as to whether the land claimed by the Methodist Mission, on Sampson's and on the Stony Reserves, is to be included, or not, in such plans.

It appears that the Rev. Mr. Glass informed Mr. Nelson that the Secretary of the Board of Methodist Missions had been promised, by the Deputy of the Supt. General of Indian Affairs, all the land necessary for mission purposes.

Should it be true that any special arrangement has been made with the Methodist Mission Board, I would be glad if you will kindly inform me of its nature, for our guidance.

The claim at Sampson's Reserve, I beg to inform you, contains about 160 acres, and valuable improvements have been made on it by Rev'd. Mr. Glass, on behalf of the Mission; and its boundaries were marked by Mr. Nelson, in order to allow of its easy deduction from the Reserve, in the event of such being decided on by the Department.

My dear Vankoughnet,-

I have heard nothing further from you in reference to the survey of Methodist Missions in the North West within and adjacent to Indian Reser-
vations since your favour of the 14th ultimo.
The season for making surveys is
rapidly away; the man who is to do this
work is waiting and waiting; I am myself leaving
for the Pacific coast this evening, not to return
for months, and I am desirous, if possible, that
arrangements be made in regard to this matter
before I leave its success during this season, as
the Mission and yours are both deeply interested
in them laid out this year in such a way
as to satisfy the Mission Stations and the lands
Board. Indeed my Minister
has a written promise that this will be done.
I therefore ask you to be good enough to
write in order to your officials in the North West
to facilitate in every way the work of the surveyor
who will now go out and commence his operations
without further waiting.

In case of any unforseen difficulty
please telegraph me to the care of Mr.
Smith, Commissioner of Dominion Lands.

Yours faithfully.

Sir:

5235639

I have the honor to acknowledge the receipt of your letter of the 7th instant, with reference to lands claimed by the Methodist Missionary Society, within and adjacent to Indian Reserves in the North West Territories, and under cover of the same, of a letter addressed to the Deputy of the Supt. General, by the Deputy Minister of the Interior.

That letter expresses a desire that the Department's officials in these Territories should be instructed to facilitate in every way the work of the Surveyor who is starting out to commence laying off the lands in question; but it does not indicate any particular direction in which information is sought.

Under these circumstances, I have telegraphed to Mr. Nelson, our Surveyor, who, as already reported to you, has been allowed leave of absence to visit Eastern Canada, to proceed forthwith to Ottawa, in order to furnish any information that may be required.

It is not easy to understand how any Surveyor, other than Mr. Nelson himself, can have the necessary information to enable him to adjust these claims on an equitable footing; nor do I suppose the Department will feel inclined to permit such a one to go into the Indian Reserves, and cut out of them, at his own discretion.

The only points where the Methodists have any claims, are the following, viz.: Whitefish Lake, Bears' Hills, and Morley. With regard to the claim at the first mentioned point, it has been left out of the Reserve. With regard to Bears' Hills - including Wolf's Creek - there are two claims, and in the one case, the land is situated well within the Reserve, while in the other, it is on the boundary, and has, by the introduction of a jog, been excluded.

In reply, I beg to inform you that two tracts of land, each containing 320 acres, covering the lands claimed by the Methodist Mission Society at Bear's Hills and Morleyville, respectively, were surveyed last Fall, and that plans, illustrating the survey of the said claims, accompanied Mr. J. Pursuant to your conversation with Mr. Ferrier, concerning the application of the United Church for title to their property near the Samson Indian Reserve, I am enclosing from the official file of this Department copies of letters that have to do with the setting aside of the half section in question. I trust these will be of assistance to you.

I would like to refer you to P. C. 1155, of May 17, 1889, which confirms Indian reserves in Western Canada. May I refer you to the lithographed plan of the Samson Indian Reserve (No. 137) at page 92 and also to the plan of the Bob Tail's Indian Reserve (No. 139) at page 95. Dear Mr. Stewart:

My attention has been called to the fact that by Order in Council many years ago, when the Sampson Indian Reserve in Alberta was being surveyed, three hundred and twenty acres were set aside as Methodist Mission property.

The information in my possession shows that the half section in question consisted of the S.W.¼, Section 4, Township 44, Range 24 West of the 4th Meridian; and the N.W.¼, Section 33, Township 43, Range 24 West of the 4th Meridian. On a map of this survey, which is named as a Plan of the Bobtail Indian Reserve #139, this half section is indicated but in searching through our title papers we do not seem to have the title to this property in our possession and what I write about now is to have said title issued to us in the name of "The United Church of Canada." We have a mission house on this half section and want to put beyond all doubt our title to it.

Awaiting your reply,

Very faithfully yours,

Dear Dr. Manning,

I desire to acknowledge your letter of the 5th instant, regarding the question of issue of title to the United Church of Canada, covering a plot of 320 acres in the Samson Indian Reserve, known as the Methodist Mission property. I am advised that at the time this Reserve was set aside by Order in Council many years ago, this Mission property was excluded, and any patent therefor must issue from the Department of the Interior rather than from the Department of Indian Affairs. I shall have this matter brought to the attention of the proper officials, and you will be further advised in due course.

Your ref. No. 1131.

With reference to the memorandum of the Acting Deputy Minister of the 19th instant relating to the application on behalf of The United Church of Canada for a grant of 320 acres, which land was excluded from the Samson and Poltail Indian Reserves, I beg to say that except for a notation to the effect that the land has been withheld from inclusion in the said reserves, the Department has no further information in the matter.

I may add, however, that the Rev. Mr. Ferrier of the Board of Home Missions of The United Church of Canada, recently called at my office and intimated that he would on his return to Toronto look further into the matter and advise the Department more fully respecting the claim of the Church.

A further statement is also being obtained from the Department of Indian Affairs, which Department has on record an application made in 1908 for the land in question by the Superintendent of Missions of the Methodist Church.

It is proposed to forward the papers to the Commissioner to have the application dealt with on the basis of a departmental file in order that the same may be dealt with officially on receipt of the required further information.

May I refer to your letter of July 16th last (5235639) concerning the application of The United Church of Canada for title to this property.

May I ask if the provisions of Dominion Lands Act limiting the grant to 160 acres for any one applicant applies to this particular case. I am informed that Privy Council 1155 of May 17th, 1889 which confirmed Indian Reserves in eastern Canada clearly shows the property in question as excluded from the Samson Indian Reserve (#137) and the Poltail Indian Reserve (#139). It appears that this 320 acres, which is entirely surrounded by the two Indian Reserves, has been considered mission property for over forty years. This Board would be grateful if you can favourably consider the application for the half section.

Dear Sir: Re: Application of The United Church of Canada for a free grant of 320 acres of land at Sarson and Bobtail Reserves.

I regret that there has been so much delay in attending to the matter referred to in your letter of the 21st of February (File No. 5235639), but owing to the illness of our Mr. Perrier who had this matter in hand it has been impossible to make progress until just now.

I am enclosing sketch of the land in question which will show that the entire 320 acres is fenced with two strands of barbed wire. The improvements are confined to the N. W.¼ of section 4, twp. 44, range 24, W.4. They consist of 22 acres broken and fenced. These we would estimate at $110.00. A mission house was erected on the bank of the Battle River as indicated in the sketch valued at about $2,500.00. We have been carrying $2,000 insurance on this house.

I trust that this information will clear the way so that your Department will be able to issue a deed to the United Church of Canada, a body corporate, for the 320 acres in question.

The Department of Indian Affairs have already provided you with a detailed statement regarding our tenure of the property.

According to your statement as contained in your letter above referred to and the sketch accompanying the same, the cultivation is confined to a portion of the N.E.¼ of Section 4, Township 44, Range 24, West of the 4th Meridian, it would appear that the Department would not be justified in considering the application for an area in excess of 160 acres, and it is desired, therefore, that you furnish the Department with further information respecting the occupancy of the S.E.¼ of Section 33, Township 43, Range 24, West of the 4th Meridian, advising fully the purpose for which the land is required and for what purpose the...

Dear Sir;-

Re Application of The United Church of Canada for a free grant of 320 acres of land in Samson and Bobtail Reserves.

Following our interview of yesterday, I am herein giving the details asked for. -

It seems that many years ago, when the Indian Reserve was being surveyed, the 320 acres in question were "surveyed out" for the use of the former Methodist Church. It was evidently the purpose of the Government at that time to give The Methodist Church the land intact.

The Mission House is situated on the N.W.¼ Sec.4 Tsp.44 Range 24 W.4th meridian. The other Quarter Section, viz., the S.W.¼ Sec.33 Tsp.43 Range 24 W.4th Meridian has been fenced during all these years, and the Church has remained in undisputed possession of the two quarter sections.

I find that on August 18th, 1886, the Rev. Dr. Sutherland, General Secretary of The Missionary Society of The Methodist Church, wrote setting forth the claim of the Church to this property. Then, I understand that in 1889 there was an Order-in-Council passed, giving this property to The Methodist Church, and in drawings incorporated in this Order-in-Council you will find this property reserved for the said Church.

In view of all these facts, and the additional fact that the property has been continuously used for mission work among the Indians on these Reserves, the Board of Home Missions believes that the claim of The United Church is just, and at your convenience the Board would be glad to have a title to the said property.

Yours most faithfully,

Colin G. Young

With your request of the 3rd instant there has been addressed to Dr. Young a communication in reference to his letter of the 21st December last.

It will also be observed that there is attached a memorandum addressed to me in regard to the matter in question.

In this connection may I say that when Dr. Young interviewed us last summer he, I believe, saw that owing to the dilatoriness of the Church authorities a difficult situation had been created, and I think that he also appreciated the position in which the Department was placed thereby, to enable it to satisfactorily adjust the claim at this late late.

Referring to your memorandum of the 6th instant, herewith is a description of the land applied for by the United Church of Canada, which land is also known as the Methodist Mission Reserve at Battle River.

The area given in the description for the Methodist Mission Reserve includes the area of the Battle River. As the river has not been surveyed through the reserve no area can be calculated, but a clause has been added excepting the land covered by the waters of the river.

Memorandum:

W. J. Cory, Esq., C.M.G.,
Deputy Minister of the Interior.

With reference to the attached submission to Council, I have gone carefully into this case and of the opinion that the best way to handle it, is to make a submission to Council under Section 74C of the Dominion Lands Act which provides for free grants for places of public worship, schools, benevolent institutions, etc. and does not lay down any limits as to area.

It would appear that the lands to which title is now requested and which formerly were occupied by the Methodist Church, were never Indian lands and if this is the case, cannot be treated under Section 74C of the Act.

It is understood that Mr. Gibbon considers that the proposed method of handling this case would be satisfactory.

Solicitor.

As the area of 320 acres comprised in the two quarter sections may be only approximate as the lands are crossed by the Battle River, it would appear desirable to have a particular description furnished by the Technical Division.

With reference to your memorandum, hereunder, relative to the application of The United Church of Canada for a grant of the S.W.¼ of Section 4, Township 44, Range 24, West of the 4th Meridian, and the N.W.¼ of Section 33, Township 43, Range 24, West of the 4th Meridian, I beg to say that while there would appear to be no reasonable doubt that the Church was in occupation of the lands at the date of the conclusion of the Indian Treaty affecting the same, and that the said lands are within the bounds of the territory covered by such Treaty, there would appear to be no objection to the matter being dealt with in accordance with the Memorandum to Council prepared by the Departmental Solicitor, except for the fact that under the ruling of a former Minister of the Interior grants of lands for **church** purposes require to be confined to an area not exceeding two acres and fronting on a road allowance.

This ruling, however, would appear to be offset by the fact that doubtless it would not have been the intention for the same to apply in cases such as the one under consideration, and further because of the fact that sub-section "D" of Section 74, Chapter 113, R.S. 1927, does not limit the area to be conveyed.

In the circumstances I consider that the action as suggested in the proposed Memorandum to Council is the best solution of the application that can be offered.

With reference to the memorandum of the Assistant Solicitor of the [illegible] instant, hereunder, I beg to say that it was occurred to me that inasmuch as the area applied for as set forth in the first paragraph of the Memorandum to Council of the 14th instant does not exactly correspond with that in the description contained in the Federated Division, it might be advisable to refer to the Parcel applied for as being comprised in the two quarter sections without reference being made to an area of [illegible] acres.

I would also draw your attention to the question of the advisability of having the third paragraph set forth the purposes for which the land is to be conveyed to the Church and in this connection would suggest that the same might read as follows:-

"The undersigned therefore recommends that under and by virtue of the provisions of section 74 (1) Chapter 113, R.S. 1927, the said lands as described hereunder be set apart and appropriated for Church purposes and a Crown grant be made to The United Church of Canada for the said purposes."

Re: Methodist Mission Reserve in Twps. 43 & 44, Rge. 24, W. 4th M.

I received a call from the Reverend T. Powell of 210-2nd Ave., N.E., Calgary, on behalf of the United Church of Canada, stating that patent for the Mission at the above point could not be located in the Land Titles Office, Edmonton.

Upon searching the records transferred from Ottawa I find I have a Fiat No. 494823, File No. 5235639, issued on the 8th of September, 1930, in favour of the United Church of Canada, represented by the Rev. Colin G. Young, D.D., Associate Secretary, Board of Home Missions, 299 Queen St., West, Toronto 2, Ont.

In view of the existence of this Fiat I telephoned the Registrar, Land Titles Office, who assured me that no patent had arrived at his office from Ottawa. Would you therefore kindly examine your file at Ottawa and give me the fullest particulars. At the same time if the patent has not been forwarded to the Land Titles Office would you be kind enough to do so immediately as Mr. Powell is most anxious to receive title.

MEMORANDUM

Referring to your letter dated October 11, on file 5236700 herewith, the survey of Upper Therien lake shown on the plan of township 57-9-4, dated 16th April 1918, was made by E.S. Martindale, D.L.S. in 1915. His returns of survey showed a small area of land in the south half of legal subdivision 9, of section 31, but in selecting the areas by quarters of legal subdivisions the parcel was too small to be shown on the plan. The applicant might be allowed to purchase the east half of the southeast quarter of legal subdivision 9, containing five acres, which would include all the available land according to our latest surveys.

MEMORANDUM:

Geo. H. Watt.

Re: Frac. of L. S. 11,12,13 & 14 of 21-60-4-W.4th Mer.
Area 77.6 acres.

J. R. LaPlante the homesteader of the N.E.¼ of Section 20 and E. Derval homesteader on the S.W.¼ of Section 21 have applied to purchase fractinnal Legal Subdivisions 11 & 12 and H. Glover the homesteader of S.W.¼ of Section 28 applies to purchase the fractional Legal Subdivisions 13 & 14.

The inspector's reports read as follows:-

"I would recommend that Mr. LaPlante be allowed to purchase the above fractions (L.S. 11 & 12) at Five Dollars $5.00 per acre as this fraction will give him access to the waters of the lake, his homestead being the N.E.¼ 20-60-4-W.4th Mer.

In regard to the application of E. Derval for the purchase of the above fraction (L.S. 13 & 14) I can not recommend his application as Mr. Derval has already a frontage on this lake."

"As the above fractions adjoins Mr. Glover's land by purchasing the above fraction it would give him access to the waters of the lake, I would therefore recommend that he be allowed to purchase it at Five Dollars $5.00 per acre."

In view of the inspector's reports I would recommend that J.R. LaPlante be permitted to purchase fractional Legal Subdivisions 11 & 12 containing an area of 38.7 acres at the rate of $5.00 per acre and Horace Glover be granted permission to purchase fractional Legal subdivisions 13 & 14 an area of 38.9 acres also at $5.00 per acre both sales to be subject to the applicants' earning title to their homesteads the N.E.¼ of Section 20 and S.W.¼ of Section 28 respectively.

Memorandum:

Re Lots 57 to 61 inclusive, St. Albert Settlement, Alberta.

With reference to the Acting Deputy Minister's memorandum of the 20th instant, respecting the applications to purchase the land situate between the above mentioned lots and the river, I beg to report that these lots were patented according to the plan of survey dated the 9th September, 1881, since which time several plans have been issued, the last bearing date the 7th October, 1911.

The areas patented and the present areas covering the differences in areas are given hereunder:-

	Area patented	Area according to present plan	Difference in area
Lot 57	179 acres	193 acres	14 acres
" 58	162 "	[illegible] "	18 "
" 59	[illegible] "	[illegible] "	[illegible] "
" 60	[illegible] "	151 "	[illegible] "
" 61	118 "	[illegible] "	[illegible] " (Portage)

As it appears that the areas granted on the earlier plan may be erroneous, it might be advisable to procure a report from the Surveyor General, together with a recommendation as to what action in the premises should be taken, taking into consideration the question of riparian rights and whether the change is the result of a closer calculation or if due to [illegible] in the river's course, and if the latter, whether the change was sudden or gradual and imperceptible. It would also appear advisable that a sketch be furnished by the Surveyor General illustrating the situation.

As it appears that the areas quoted on the earlier plan may be erroneous, it might be advisable to procure a report from the Surveyor General, together with a recommendation as to the what action in his opinion might be taken, taking into consideration the question of riparian rights and whether the change is the result of a closer calculation or if due to a change in the river's course, and if the latter, whether such change was sudden or gradual and imperceptible. It would also appear advisable that a sketch be furnished by the Surveyor General illustrating the situation.

Memorandum re.-

Referring to your memorandum of April 30, the differences between the areas patented and the areas shown on the second edition of the plan of Prince Albert Settlement in 1st 27 to 31 inclusive, dated October 7, 1910, mentioned in your memorandum to the Acting Commissioner of Dominion Lands him no [illegible] to a small extent the differences are due to a change in the course of Carrot River but to a closer calculation. More accurate since the differences are due to the use of a P.L.S. in 1909 but the main reason for them is that on the original plan of the settlement the areas were taken to the edge of the flooded land adjoining the river while on the later plan the areas were taken to the middle of the river.

On the accompanying copy of the settlement plan the original traverse of the river has been drawn in red. All changes from differences between the old traverse and the boundaries as indicated. It is believed that no actual change in the course of the river.

On the [illegible] list of areas the five [illegible] lot 66 is given as 188 acres. This should be 103 acres the difference in area should be a 45 acre increase instead of a 4 acre decrease.

MEMORANDUM:

Ottawa, 29th May, 1928.

Mr. Gliddon. Re - Applications to acquire the land situate between Sturgeon River and River Lots 57 to 61, inclusive. St. Albert Settlement.

With reference to your memorandum, hereunder, of the 23rd instant, the areas which it is proposed to sell to the applicants were at one time classed as flooded land.

Under the circumstances, would you be good enough to obtain the Surveyor General's views regarding these applications, as he will probably be in a position, after consulting the Surveyor's field notes, to say to what extent the areas may now be subject to flooding.

When resubmitting the case, kindly have all the facts set out and indicate whether the descriptions in the patents were worded in such a way as to definitely limit the lands granted to the edge of the flooded land.

Would you kindly let me have your report at as early a date as possible.

Acting Commissioner.

Copy for The Deputy Minister's Office.

Sir,

The Department has had under consideration your communication addressed to the Minister wherein you state that you are the owner of the patented lands in Lots 60 and 61,St.Albert Settlement, Alberta, and apply to purchase the areas in these Lots lying between your property and the River.

These two Lots were patented in accordance with the plan of the settlement approved on the 9th September,1885, and the areas shown on this plan comprised only the lands in the Lots extending to the edge of the flooded areas adjoining the River. The following are the areas patented,-

Lot 60.	106 acres.
Lot 61.	118 acres.

On the later plan of the settlement the areas were taken to the middle of the River and the areas shown on this plan follow,-

Lot 60.	151 acres.
Lot 61.	162 acres.

It will be seen,therefore, that there is an increase of 46 acres in Lot 60 and 44 acres in Lot 61. After careful consideration it has been decided to permit you to purchase these increased areas less the portions included in the River at a rate to be determined after an inspection of the lands by an officer of the Department. The area comprised in the bed of the River in Lot 60 is 2.8 acres, thus leaving an area of 43.2 acres available for sale in this Lot. The portion included in the River bed in Lot 61 has not yet been calculated but a calculation will be made and you will be informed in due course of the net area available for sale in this Lot.

The sale will be subject to your furnishing the Department with an abstract of Title or your Duplicate Certificate of Title shewing the patented lands in the Lots to stand in your name. If you forward here the latter document it will be returned after being examined.

Sir,

The Department has had under consideration your letters addressed to the Minister wherein application is made on behalf of yourself, Mr. Andrew Kennedy and Mrs.Catherine Kennedy to acquire the areas in Lots 57, 58 and 59, St.Albert Settlement, Alberta, which were not included in the original patents issued for these Lots. It is observed from your correspondence that you are the owner of the patented area in Lot 57 and that Mr.Andrew Kennedy and Mrs.Catherine Kennedy are the owners of the patented lands in Lots 58 and 59 respectively.

These three Lots were patented in accordance with the plan of the settlement approved on the 9th September,1885 and the areas shown on this plan comprised only the lands in the Lots extending to the edge of the flooded areas adjoining the River. Following are the areas patented,-

Lot 57	179 acres.
Lot 58	172 acres.
Lot 59	280 acres.

On the later plan of the settlement the areas were taken to the middle of the River and the areas shown on this plan follow,-

Lot 57	193 acres.
Lot 58	250 acres.
Lot 59	335 acres.

It will be seen, therefore, that there is an increase of fourteen acres in Lot 57, fifty-eight acres in Lot 58 and fifty-five acres in Lot 59. After careful consideration it has been decided to permit the respective owners of the patented lands in the three Lots to purchase these increased areas less the portions included in the River at a rate to be determined after an inspection of the lands by an officer of the Department. Memorandum:

Ottawa, 5th October, 1923.

F.H.Peters, Esq.,
Surveyor General.

It has been decided to make a sale of the unpatented areas in Lots 57, 58, 59, 60 and 61, St.Albert Settlement, to the respective registered owners of the patented lands in these lots.

The patent for each of these lots was issued in accordance with the plan approved on the 9th September, 1885.

The later plan shows increased areas as follows,-

Lot 57	14 acres.
Lot 58	58 "
Lot 59	55 "
Lot 60	46 "
Lot 61	44 "

As the areas shown on the later plan take in the lands down to the middle of the River, it will be necessary to make deductions from the increased areas mentioned to allow for the portions comprised in the River bed.

I beg to request, therefore, that you advise me of the area comprised in the River bed in each of the lots mentioned with the exception of Lot 60. In a memorandum dated the 7th September, 1923, your Branch reported the area comprised in the bed of the River in lot 60 to be 2.6 acres.

Your file No.17571 is herewith returned. Under the circumstances it will not be necessary now to reply to Mr.Cliddon's memorandum to you of the 1st June last.

Sir:

Mr. Joseph Ronault, St. Albert, Alberta, who is stated to be the owner of lots 60 and 61, St. Albert Settlement, has applied to the Department to purchase the areas in these lots lying between his property and the river.

These two lots were patented in accordance with the plan of the settlement approved on the 9th of September 1885, and the areas shown on this plan comprised only the lands in the lots extending to the edge of the flooded areas bordering the River. The following are the areas patented:

Lot 60.	105 acres
Lot 61	118 acres.

On the later plan of the settlement the areas were taken to the middle of the River and the areas shown on this plan follow:

Lot 60	151 acres
Lot 61	162 acres.

It will be seen therefore, thatthere is an increase of 46 acres in lot 60 and 44 acres in Lot. 61.

It has been decided to permit Mr. Ronault to purchase these increased areas, less the portions included in the River at a rate to be determined afer inspection.

The area comprised in the bed of the River in lot 60 is 2.8 acres thus leaving an area of 43.2 acres available for sale in this lot. The portion included in the River bed in lot 61 has not yet been determined, and is required. Please therefore, visit the above described land at the earliest possible date and furnish a careful report, placing a valuation thereon.

These three lots were patented in accordance with the plan of the settlement, approved on the 9th of September 1885, and the areas shown on this plan comprised only the lands in the lots extending to the edge of the flooded areas adjoining the river. The following are the areas patented:

Lot 57	179 acres.
Lot 58	172 acres.
Lot 59	230 acres.

On the later plan of the settlement the areas were taken to the middle of the River and the areas shown on this plan follow:

Lot 57	193 acres.
Lot 58	230 acres.
Lot 59	285 acres.

It will be seen, therefore, that there is an increase of fourteen acres in Lot 57, fifty-eight acres in Lot 58 and fifty-five acres in Lot 59.

It has been decided to permit the respective owners of the patented lands in the three lots to purchase these increased areas, less the portions included in the river, at a rate to be determined after an inspection.

Sir:

In reply to your favor of October 4th, re Lots 57, 58 and 59, St. Albert, File No. 5238108, No. 762508, No. 128915, No. 128913.

In your letter, page 2, you state "there is no provision in the Dominion Lands Act under which a free grant might be made of the lands in this case".

I wish to point out that I am not asking for a free grant. These lands were homesteaded with the river as the boundary, and this I want maintained.

If, as you state in your letter, the lands were patented to the edge of the flooded area, then the area patented is too great, for there is no change in the elevation of the hay land from the river to the abrupt rise of the agricultural land.

The point at issue is this. An error was made in the original survey in determining the location of the river, with the result that the area calculated is too small. This is apparent, if you will compare the plan showing the location of the river in the original and final surveys.

What we want is this error recognized and title issued for the correct area.

Trusting you will see the justice of our request and thanking you in articipation of a favorable reply, we are,

Sincerely yours,

Ottawa, 6th June, 1923.

Dear Mr. Collisson,

I have your letter of the 23rd ultimo, reference 6356, wherein you apply on behalf of the heirs in the estate of the late Miles Kennedy for an adjustment of the titles to Lots 57, 58 and 59, St. Albert Settlement, Alberta.

I am informed by the Department that a sale of the areas in these lots which were not included in the original patents was authorized to your clients in October last, subject to their filing the customary proof of ownership of the patented areas in the lots.

The areas have been inspected and valued by an officer of the Department, but the Department is awaiting some further particulars with regard to the lots to enable it to determine what would be an equitable price to charge for the lands. Mr. Albert Kennedy has been informed by the Department that there is no provision in the Dominion Lands Act under which a free grant might be made of the lands in this case.

You will be further advised upon receipt of the necessary information. In the meantime, I assure you that the representations contained in your communication will be given the most favourable consideration possible.

DOMINION LANDS ADMINISTRATION

4th June, 1929.

Sir,

Re: Lots 57, 58, 59, 60 and 61,
St. Albert Settlement.

The above mentioned lands were patented several years ago in accordance with the plan of the Settlement approved on the 9th September, 1885, and the areas shown on this plan comprised only the lands in the lots extending to the edge of the flooded areas adjoining the river.

The later plan of the Settlement, approved on the 30th August, 1913, shows no flooded areas in the lots.

The Department has received applications from the present owners of the respective lots to acquire title to the areas which were not included in the original patents.

It has been represented that Lots 57, 58 and 59 are owned by the heirs in the estate of the late Miles Kennedy and that Lots 60 and 61 are owned by Joseph Ronault.

Will you kindly inform the Department when the late Miles Kennedy acquired Lots 57, 58 and 59 and state the amount of consideration mentioned in the transfer to him, and also furnish similar information with respect to Joseph Ronault and Lots 60 and 61. At the same time will you kindly inform us of the names of the respective owners of these five lots and the area quoted in each title.

If there is any charge for furnishing this information, payment will be remitted on receipt of your account.

Your obedient servant,

J. W. MARTIN

Acting Commissioner.

The Registrar,
Land Titles Office,
Edmonton, Alberta.

Mr. Albert Kennedy, St. Albert, Alberta, was advised of the decision by Departmental letter of the 4th October last, and at the same time it was pointed out to him that there was no provision in the Dominion Lands Act under which a free grant might be made of the lands in this case.

Inspector Wyllie has valued the area in Lot 57 at $22.00 an acre, that in Lot 58 at $25.00 and that in Lot 59 at $22.50 an acre.

The Minister's correspondent requests that the titles be adjusted so as to include the additional areas.

As previously intimated, there is no authority under which supplementary patents may be issued for the additional areas in the three lots without payment being made for the lands. The present owners of the patented portions of the lots are not the original patentees and, even if they were, payment would be necessary before supplementary patents might be issued, since an area of 160 acres was obtained under homestead grant in each of the lots. It is scarcely possible that when the original grantees disposed of their lands they received payment for any areas in excess of those mentioned in the patents.

There is another phase with respect to the patents issued for the three lots in question. Notwithstanding the fact that the areas of flooded land are not included in the areas quoted in the patents, no words are contained in the descriptions of the respective lots expressly excepting the flooded areas. The patent in each case purports to convey the whole lot. Since the bank of the river constituted the northern boundary of the lots as patented, and not the edge of the flooded areas, it seems to follow that, in point of law, the grants convey whatever lands were actually included within the limits of the lots, notwithstanding the areas quoted. In this regard, I beg to quote Section 64 of the Dominion Lands Surveys Act, Chapter 117, R.S.C., 1927:

> "Any letters patent, grant or instrument purporting to convey any right or interest in any aliquot part of any section, or other authorized subdivision, block, gore, common, lot or parcel of land, shall be construed to affect such aliquot part of the quantity it contains on the ground, whether such quantity is more or less than that expressed in such letters patent, grant or instrument."

With respect to this interpretation of the grants, it is to be pointed out that the Department is under no obligation to adjust the titles by issuing Quit Claim Letters Patent for the areas not included in the original grants. At the same time, it would be out of the question to make a grant of the area in any lot to anyone other than the registered owner of the area expressly patented.

It may be mentioned incidentally that there is a similar application before the Department, received from Mr. Joseph Ronault of St. Albert, involving the so-called flooded areas in Lots 60 and 61.

A plan of St. Albert Settlement is attached.

MEMORANDUM

Mr. Harvie,

The Commissioner's Office has requested a report on the Acting Deputy Minister's memorandum of the 29th ultimo, hereunder, with respect to the desire of the heirs in the estate of Miles Kennedy, to secure title to the areas in Lots 57, 58 and 59, St. Albert Settlement, Alberta, which were not included in the original patents issued for these lands.

These three lots were patented in accordance with the plan of the Settlement approved on the 9th September, 1885, and the areas shown on this plan comprised only the lands in the lots extending to the edge of the flooded areas adjoining the river. Patents were issued as follows:

Lot 57, 179 acres, homestead and sale, Peter Ward, patented 14th September, 1894.
Lot 58, 172 acres, homestead and sale, John Norris and Edward F. Carey, patented 14th March, 1892.
Lot 59, 230 acres, homestead and sale, Julian Savard, patented 3rd December, 1889.

In each of these cases the homestead grant comprised 160 acres and the excess area was disposed of under sale, at a nominal rate, in accordance with the practice at the time.

A later plan of the Settlement, approved on the 30th August, 1913, shows no flooded areas in the lots. According to this later plan, the areas of the lots down to the river bank are as follows:

				Increase
Lot 57	-	190.1 acres	-	11.1 acres
Lot 58	-	224.6 acres	-	52.6 acres
Lot 59	-	280.2 acres	-	50.2 acres

The Surveyor General has expressed the opinion that no actual change has taken place in the course of the Sturgeon River.

This case was submitted in a memorandum dated the 4th October last, and it was decided to permit the respective owners of the patented lands in the three lots to purchase the increased areas, at a rate to be determined after an inspection of the lands by an officer of the Department, subject to furnishing the Department with the customary proof of ownership of the patented areas in the lots.

Re: Application on behalf of the heirs in estate of late Miles Kennedy to acquire title to certain areas in Lots 57, 58 and 59, St. Albert Settlement, Alberta.

The particulars with regard to this application are set out in Mr. Cohoon's memorandum of today's date, hereunder.

Under the circumstances, it appears advisable, before determining what rate should be charged for these areas, to ascertain from the Registrar when the late Miles Kennedy acquired title to the three lots and the amount of consideration mentioned in the transfer to him. A letter has today been forwarded to the Registrar, requesting this information and upon receipt of his reply, a further report will be submitted.

Yours truly,

lot to anyone other than the registered owner of the area expressly patented.

With a view to placing the Department in a position to determine what would be an equitable price to charge for the lands, enquiry was made of the Registrar of Land Titles, Edmonton, in June last, as to when the late Miles Kennedy acquired Lots 57, 58 and 59 and the amount of consideration mentioned in the transfer to him, and at the same time similar information was requested with respect to Joseph Honault and Lots 60 and 61.

According to advice received from the Registrar, the late Miles Kennedy acquired Lot 57 in December, 1913, for a consideration of $1.00, and he acquired Lots 58 and 59 in December, 1893, at an approximate rate of $4.81 an acre. Mr. Joseph Honault acquired Lot 60 in February, 1920, at an approximate rate of $39.67 an acre, and he acquired Lot 61 in March, 1925, for about $36.70 an acre.

In December, 1912, a sale was made to one Joseph Howson of Edmonton of the unpatented area in Lot 40, St. Albert Settlement comprising 50 acres, at an Inspector's valuation of $3.00 an acre (File No. 2101167), and in May, 1911, one Alfred Arcand of St. Albert was permitted to purchase the unpatented area in Lot 39 at the rate of $1.00 an acre for 33 acres and at the rate of $3.00 an acre for the balance of 7 acres (File No. 340252).

Inspector Wyllie mentioned in his reports in the present instance that the applicants were of the opinion that they should be allowed to purchase the lands at $3.00 an acre, that is, at the same rate at which others in the vicinity were allowed to acquire lands in similar circumstances in 1911 and 1912.

There might be a degree of justification in giving some consideration to the effect of the original letters patent when deciding upon an equitable charge. On the other hand, however, the Department might leave itself open to criticism were it to make sales at rates less than those placed by the Inspector in view of the fact that the applicants are not the original patentees.

It is recommended, therefore, that sales be authorized at the respective rates fixed by the Inspector, subject to the customary evidence being furnished showing ownership of the patented areas.

Director,
Ordnance, Admiralty &
Public Lands Division.

The Surveyor General has expressed the opinion that no actual change has taken place in the course of the Sturgeon River.

The patented areas in the five lots are owned by the several applicants as follows:-

Lot 57	-	Albert Kennedy
Lot 58	-	Andrew Kennedy
Lot 59	-	Catherine Kennedy
Lot 60)	-	Joseph Ronault
Lot 61)		

This case was submitted to you in a memorandum dated 4th October, 1928, and it was decided to permit the respective owners of the patented lands in the five lots to purchase the increased areas, at a rate to be determined after an inspection of the lands by an officer of the Department, subject to furnishing the Department with the customary proof of ownership of the patented areas in the lots.

The decision was duly conveyed to the applicants by Departmental letters dated 4th October, 1928.

Inspector Wyllie has valued the area in Lot 57 at $22.00 an acre, that in Lot 58 at $25.00, that in Lot 59 at $22.50, that in Lot 60 at $25.00 and that in Lot 61 at $25.00.

There is no authority under which supplementary patents may be issued to the applicants for the additional areas in the five lots without payment being made for the lands.

The submission of this case would be incomplete were not attention called to a particular circumstance with respect to the patents issued for the five lots in question. Notwithstanding the fact that the areas of flooded land are not included in the areas quoted in the patents, no words are contained in the descriptions of the respective lots expressly excepting the flooded areas. The patent in each case purports to convey the whole lot. Since the bank of the river constituted the northern boundary of the lots as patented, and not the edge of the flooded areas, it seems to follow that, in point of law, the grants convey whatever lands were actually included within the limits of the lots, notwithstanding the areas quoted. In this regard, I beg to quote Section 64 of the Dominion Lands Surveys Act, Chapter 117, R.S.C., 1927:

> "Any letters patent, grant or instrument purporting to convey any right or interest in any aliquot part of any section, or other authorized subdivision, block, gore, common, lot or parcel of land, shall be construed to affect such aliquot part of the quantity it contains on the ground, whether such quantity is more or less than that expressed in such letters patent, grant or instrument."

With respect to this interpretation of the grants, it is to be pointed out that the Department is under no obligation to adjust the titles by issuing Quit Claim Letters Patent for the areas not included in the original grants. Re Lots 57 - 61 inclusive, St. Albert Settlement, Alberta.

I beg to submit for further consideration the applications received from Albert, Andrew and Catherine Kennedy and Joseph Monault of St. Albert, Alberta, to acquire the areas in the above mentioned lots which were not included in the original patents issued for the lots.

These five lots were patented in accordance with the plan of the Settlement approved on the 9th September, 1885, and the areas shown on this plan comprised only the lands in the lots extending to the edge of the flooded areas adjoining the river. Patents were issued as follows:

Lot 57, 179 acres, homestead and sale, Peter Ward, patented 14th September, 1894.

Lot 58, 172 acres, homestead and sale, John Morris and Edward F. Carey, patented 14th March, 1892.

Lot 59, 230 acres, homestead and sale, Julien Savard, patented 3rd December, 1889.

Lot 60, 105 acres, homestead Jean Baptiste Beauchamp, patented 30th October, 1897.

Lot 61, 113 acres, homestead Theodore Savard, patented 27th August, 1895.

In the case of Lots 57, 58 and 59 the homestead grants comprised 160 acres each and the excess areas were disposed of under sale at a nominal rate, in accordance with the practice at the time.

A later plan of the Settlement, approved on the 30th August, 1913, shows no flooded areas in the lots. According to this later plan, the areas of the lots down to the river bank are as follows:

				Increase
Lot 57	-	190.1 acres	-	11.1 acres
Lot 58	-	224.6 acres	-	52.6 acres
Lot 59	-	280.2 acres	-	50.2 acres
Lot 60	-	148.2 acres	-	43.2 acres
Lot 61	-	156.0 acres	-	38.0 acres

The several sales will be subject also to the right of the Province to take for road purposes without compensation prior to the issue of patent such land as may be required, not to exceed two and one-half per cent. of the total area, and likewise subject to the right of the Province to take such area as may be required for right of way in connection with drainage projects, not to exceed one per cent. of the total area. In the event of a deduction in area being made for either or both of these purposes, the account will be adjusted accordingly.

Mr. Collison further states that his clients authorize him to make an offer of $.50 an acre, with simple interest at the same since 1913, at 6%. A sale on this basis would be the equivalent of a charge of $.67 an acre.

This case presents some unusual features, and the application for a rehearing is prima facie reasonable. The view was expressed in the memorandum of the attorney [illegible] that in view of law the original rents should be viewed as arrears. Lands were [illegible] with the limit of $.50 [illegible] consideration to the effect [illegible] original letters pulled out [illegible] the minimum [illegible] arrears [illegible] were sold at $.50 an acre.

Under all the circumstances, I think that the appellant [illegible] reconsider his price and accept say $.75 an acre for the parcels.

At the same time sales were authorized of the areas in the [illegible] additional, a sale was also authorized to Mr. Lyon, a remnant of [illegible] acres in Lot 52 and $2.00 acres in Lot 51 at the rate of $1.00 an acre. The areas in Lots 51, 52 and 53 are still at $.50 an acre, it being understood that the same [illegible] to Mr. Renault in the event of the rehearing [illegible].

Sir,

You have called for a report in connection with the memorandum of the Assistant Deputy Minister's interview, November, 1932, with respect to the communication received from Mr. James F. J. Collisson, Barrister, Edmonton, Alta., in respect of the valuation of certain areas in Lots 37, 38 and 39, St. Albert Settlement, Alberta.

The facts in this case are set forth fully in the memorandum to you of the 6th ultimo, herewith. In accordance with the decision endorsed on that memorandum, Mr. Collisson was advised by departmental letter of the 27th ultimo that Mr. Albert Kennedy might purchase the 11.1 acres in Lot 37 at $30.00 an acre, Mr. Andrew Kennedy the 5.3 acres in Lot 38 at $30.00 an acre, and Mrs. Catherine Kennedy the 30.4 acres in Lot 39 at $30.00 an acre.

In his present communication Mr. Collisson states that he has not been able to get in touch with his clients and that he is advised that the price asked for the lands is away beyond reason. He points out that the 3 parcels are jutting out into the river from the river lots and that there are no possible means of access to the lots except by the river or through the lands owned by the applicants. At the same time he represents that the municipal district has assessed the lands to his clients since 1913 and that they have paid the taxes on the assumption that the lands belonged to them.

Mr. Collisson....

Sir,

I beg to acknowledge the receipt of your letter of the 8th ultimo, enclosing Abstracts of Title covering the patented areas in Lots 57, 58 and 59, St. Albert Settlement, Alberta.

Lots 27 & 28, Block 12, Plan 580-.

I am in receipt of your Notice dated November 28th last in the matter of an application by the Town of Bow Island for the cancellation of part of Plan No.580-, and advising that an abstract to the above Lots shows Seed Grain Liens in favour of the Crown.

In this connection I may say that the matter of an adjustment of this indebtedness has received the investigation of the Adjustment Board of Alberta who in their report recommended that the sum of $100. be required for a release of these Lots. A memorandum has been addressed to Council requesting ratification of this recommendation, and as soon as the necessary authority is vested thereby you will be communicated with.

Your obedient servant,

Commissioner of Dominion Lands.

The Secretary-Treasurer,

Your File Nos. 1746436, 5047251

Under date of April 6th, 1954, you kindly furnished a statement of the account for Dominion Advances which were issued to the above named.

This statement does not indicate any payments being deducted from the amount of principal or interest. It has just been brought to our attention that certain negotiations took place in the year 1930 and the Administrators of the Estate are under the impression that a sum of $20[illegible].00 was paid towards the Dominion Account.

Upon checking our file we find that Board Order No. 4142 dated March 4th, 1931, dealt with the discharge of Liens from sub-divided lots in Bow Island and the payment of $100.00 appears to have been credited to the account as evidenced by an itemized statement you forwarded under date of February 25th, 1938. The same statement shows an earlier credit of $100.00 paid on December 7th, 1927. Under the circumstances, I would ask that you kindly prepare an itemized statement of the account showing the various entries since 1915 in order that we may satisfy the Executors of the Estate as to the amount of the liabilities presently outstanding.

BOARD ORDER
No. 11288

Mr. J. W. Judge,
Chairman,
Seed Grain and Relief Adjustment Board,
EDMONTON, Alberta.

Dear Sir:

Re: NE 33, NW 34-11-10-W.4th
Albert A. Lindquist,
Dominion Advances,
SW 3-12-10-W.4th Mer.
O. A. Lindquist,
Joint Relief Advances

The above named parties obtained Dominion and Joint Relief Advances for which liens were registered against the respective titles to the above described lands. Particulars of the accounts are as follows:

Dominion Advances		Joint Relief Advances	
Seed Grain 1915	$ 300.00	March 28, 1920	$ 100.00
Interest to 31/3/54	583.67	March 27, 1920	52.40
Total	883.67	March 21, 1920	16.95
Payments	250.00	March 23, 1922	27.01
	$ 633.67	April 7, 1922	37.00
			$ 233.36
		Int. to 31/3/54	278.82
			$ 512.18

The above named debtors were father and son and the father passed away in the year 1915, leaving a will by which he appointed executors of his estate and the executors carried on administration of same for a number of years. Mr. Oliver A. Lindquist has recently approached this Office requesting a compromise settlement of both accounts and he has remitted the sum of $300.00 which he wishes to have accepted as settlement in full for release of all liens.

cont'd....

Our investigation indicates that in the late 1940's application was made to the Court to have the executors of the Will removed from Office and a Judicial Trustee appointed.

The deceased debtor left a widow who was supported from the proceeds of the estate and by her son, Oliver, above named, until her death in the year 1942, at which time, the only remaining assets were the two parcels of land which were valued at approximately $2900.00 and these lands were encumbered by tax arrears of approximately $1000.00.

Expenses for the funeral of his mother cost Mr. Oliver Lindquist approximately $300.00 and added to this, he states that cash loaned to his mother from time to time, amounted to $1100.00. On this basis, the value of the land accruing to Oliver Lindquist was only $500.00 and for this value he had assisted in his mother's support for many years.

Mr. Oliver Lindquist states that the value of the land, including the half section he obtained from his father's estate which he owns is approximately $3680.00 and that he has suffered reduced crop returns because of the land being located in what is known as a drought area of the Province. He states that he has had quite a struggle to liquidate the debts incurred during the 1930's and now wishes to clear his land of the remaining encumbrances.

In view of all these circumstances and the fact that the sum of $250.00 has already been paid on account of Dominion Advances, I would consider that the offer he has now made is a fair one and I would recommend that it be accepted.

I would further recommend that the present payment of Three Hundred dollars ($300.00) be allocated in equal amounts to each account and that upon application of One Hundred and Fifty dollars ($150.00) being made to Dominion Advances account and One Hundred and Fifty dollars ($150.00) to the Joint Relief Account, both be adjusted so that they will stand paid in full and the respective liens be discharged from the titles.

Provincial Seed Grain issued to Oliver A. Lindquist in the principal amount of Fifty One dollars ($51.00), together with accrued interest, has already been cancelled.

Yours very truly,

S. Sherkas

I beg to advise you that Mr. .. R. Kirkpatrick has made application to purchase the above fraction, which adjoins his homestead entry.

When in the vicinity of this land kindly interview the applicant; furnish a report and give an estimate on the value per acre, taking into consideration the price asked for land of similar quality in the immediate vicinity.

Should this fraction shut off different adjoining properties from the water, kindly consider the advantage of the water frontage from the standpoint of each property holder, and if it appears advisable, you should recommend a division of the parcel. If the land is rendered fractional by a body of water state whether the water is of a permanent character, or liable to dry up and leave the full quarter for homesteading or grazing.

Sir,

Adverting to your application to purchase the fractional South West quarter of Section 30, Township 72, Range 4, West of the 6th Meridian, I beg to advise you that it has been decided to permit you to purchase the area, less Right of Way and License of Occupation, containing 55.87 acres, at the rate of $5.00 per acre.

The sale will be subject to your filing evidence that you are the registered owner of the fractional South East quarter of Section 30. Such evidence may be either in the form of an Abstract of Title, or Duplicate Certificate of Title, which latter document, if forwarded, will be returned after having served the purpose of the Department. An Abstract of Title may be secured from the Registrar, Edmonton.

Overdue instalments will be subject to interest at the rate of 7% per annum.

Should a further survey be made of the parcel in question before the issue of patent, the area which may be shown on the new edition of the township plan will constitute the basis of the sale.

I may add that the sale in this case will be subject to the right of the Province to take for road purposes without compensation prior to the issue of patent, such land as may be required, not to exceed two and one half per cent of the total area, and likewise subject to the right of the Province to take such area as may be required for right of way in connection with drainage projects, not to exceed one per cent of the total area. In the event of a deduction in area being made for either or both of these purposes, the account will be adjusted accordingly.

Dear Sir:

Re: S.W. 7-47-6 W. 4th Mer.

Enclosed you will please find a copy of our letter to the Registrar at Edmonton authorizing and requesting him to remove the Dominion Government lien for $25.00 from the above noted quarter section.

This lien was originally taken for an advance of seed grain in 1915 and the nature of these liens was such that it would be registered against any property subsequently acquired by the lienee. In order to assure that these liens are registered, the seed grain docket of 1915 is supplied to all Registrars showing the name of the lienee and the amounts charged against him. There are many unavoidable cases of wrongful registration due to similarity of names.

The case of John Henry Green is one of these and we regret that we are unable to consider your claim for reimbursement of his out-of-pocket expenses in clearing title to his property.

Yours very truly,

T.L. Cory,
Acting Registrar of Lands.

Dear Sir:

Re: L.L. 7-47-[illegible] 4th Mer.
John Henry Green

We have been advised by David J. [illegible]
Edmonton, Alta., that there is registered against
the above noted quarter section a Federal Govern-
ment lien in the amount of $25.00.

This lien was originally given by J.H.
Green in 1915 on the specific security of the L.L.
22-17-24 [illegible] 4th Mer. for an advance of seed grain.
We have now sufficient evidence on our files to
show that John Henry Green, against whom the
original lien was taken is not the same John Henry
Green, the present registered owner of the L.L. 7-
47-[illegible] 4th Mer.

You are, therefore, authorized and requested
to have the registration of the said lien for $25.00
removed from the title to the L.L. 7-47-[illegible] 4th Mer.

A copy of this letter is being forwarded to
Mr. Gibson.

Re: Account of John Henry Green
S.E.¼ 2[illegible]-62-7-W.5th &
S.E.¼ 2[illegible]-62-24-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 relief amounting to $25.00 was advanced to John Henry Green on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$25.00	$51.25	$76.25

The S.E.¼ 2[illegible]-62-7-W.5th was formerly the homestead entry of the debtor whose entry was later cancelled. The S.E. 22-6[illegible]-24-W.4th was formerly the second homestead entry of the debtor which also became subject to the 1915 relief lien.

According to an Abstract of Title dated the 20th of January, 1936, the S.E.¼ 2[illegible]-62-7-W.5th is still patented Crown land held in the right of the Province, subject to the 1915 lien.

In reply to our questionnaire of the 9th of October, 1931, the Secretary-Treasurer of the Municipal District of Westlock No. 92, advised us that the S.E.¼ 22-6[illegible]-24-W.4th was now assessed in the name of A. Mr. ed Board of Clyde, Alberta, and that the land was only assessed for $47[illegible].00 and there was an accumulation of $75.84 arrears of taxes outstanding against the land.

The information obtained indicates that the land is such that it no longer offers any security of value for our lien. Under the circumstances it is recommended that the indebtedness be cancelled and the lien discharged.

Dear Sir:

Re: S.W. 7-47-6 W. 4th Mer.

Enclosed you will please find a copy of our letter to the Registrar at Edmonton authorizing and requesting him to remove the Dominion Government lien for $25.00 from the above noted quarter section.

This lien was originally taken for an advance of seed grain in 1915 and the nature of these liens was such that it would be registered against any property subsequently acquired by the lienee. In order to assure that these liens are registered, the seed grain docket of 1915 is supplied to all Registrars showing the name of the lienee and the amounts charged against him. There are many unavoidable cases of wrongful registration due to similarity of names.

The case of John Henry Green is one of these and we regret that we are unable to consider your claim for reimbursement of his out-of-pocket expenses in clearing title to his property.

Yours very truly,

David J. Gibson, Esq.,

Dear Sir:

Re: S.W. 7-47-[illegible] th Mer.
John Henry Green

We have been advised by David J. Gibson, Mawright, Alta., that there is registered against the above noted quarter section a Federal Government lien in the amount of $25.00.

This lien was originally given by J.H. Green in 1915 on the specific security of the S.W. 22-16-24 [illegible] th Mer. for an advance of seed grain. We have now sufficient evidence on our files to show that John Henry Green, against whom the original lien was taken is not the same John Henry Green, the present registered owner of the S.W. 7-47-[illegible] th Mer.

You are, therefore, authorized and requested to have the registration of the said lien for $25.00 removed from the title to the S.W. 7-47-[illegible] th Mer.

A copy of this letter is being forwarded to Mr. Gibson.

Yours very truly,

T.L. Tory,

Re: Account of John Henry Green
S.E.¼ 2[illegible]-62-7-w.5th &
S.E.¼ 22-6[illegible]-24-w.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 relief amounting to $25.00 was advanced to John Henry Green on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$25.00	$51.25	$76.25

The S.E.¼ 2[illegible]-62-7-w.5th was formerly the homestead entry of the debtor whose entry was later cancelled. The S.E. 22-6[illegible]-24-w.4th was formerly the second homestead entry of the debtor which also became subject to the 1915 relief lien.

According to an Abstract of Title dated the 26th of January, 1936, the S.E.¼ 2[illegible]-62-7-w.5th is still unpatented Crown land held in the right of the Province, subject to the 1915 lien.

In reply to our questionnaire of the 9th of October, 1931, the Secretary-Treasurer of the Municipal District of Westlock No. 92, advised us that the S.E.¼ 22-6[illegible]-24-w.4th was now assessed in the name of a Mr. Ed Round of Clyde, Alberta, and that the land was only assessed for $470.00 and there was an accumulation of $75.84 arrears of taxes outstanding against the land.

The information obtained indicates that the land is such that it no longer offers any security of value for our lien. Under the circumstances it is recommended that the indebtedness be cancelled and the lien discharged.
